

# EUROPE NOT TO GET ANY MORE LOANS

Treasury Department Oppose  
McAdoo's Billion-Dollar  
Bond Plan; Immediate Pay-  
ment of War Debt Urged

## Daniels Is Accused of Blocking U. S. Effective Work

the United States was doing to keep down submarines.

"Incidentally," he said, "that is a case of international politeness."

Admiral Sims insisted that he had been handicapped by failure of the department to keep him informed of its plans. He read excerpts from his messages, urging adoption of the convoy system, and said:

"I will show that great losses were sustained due to the resistance of the United States to taking up the convoy system."

He then read a department mes-

"In regard to convoy," it read, "I consider American vessels having armed guards are safer than sailing independently."

"When I got that message I was about ready to jump overboard," continued Admiral Sims. "I realized that the department did not understand or appreciate the situation."

**BRITISH DEMUR AT ARCTIC COAST PROJECT.**

Admiral Sims said that on April 14, 15, 17, 22, 23 and 24, he sent cablegrams to the department urging the necessity of sending naval

him promptly, but that they had no  
the vessel. On April 22, the  
from the department  
ment saying that "yours of April 1  
will be given earnest attention," and  
on April 22 he received another mes-  
sage saying that "six destroyers are  
ready to sail immediately upon re-  
ceiving information as to desired por-  
t and best route to follow as the  
approach the Irish coast."  
On the same date, Admiral Sims  
said he received another despatch  
assigned by Secretary Daniels inform-  
ing him that the department con-  
templated sending four destroyer  
and four patrol vessels to the Arctic  
request to co-operate with Russian

After consulting the British admiralty, Admiral Sims said he urged the navy department not to send any forces to the Arctic, but to follow his original recommendations. On April 26, he said, he received a message informing him of the sailing of six destroyers from Boston for Great Britain, but containing no information with regard to other forces.

"My despair can be imagined," he said.

Admiral Sims' testimony was taken from complete when the committee recessed after a two hours' session.

### Roper Announces Income Tax Action Requires Review of 1,000,000 Returns

BY INTERNATIONAL NEWS SERVICE  
Lapsed wire to TRINIDAD  
WASHINGTON, March 10.—Com-  
missioner Roper of the bureau  
of internal revenue, after a conference  
with Chief Actuary McCoy, this  
afternoon announced that he esti-  
mated that the supreme court de-  
cision that stock dividends are not  
taxable as income, would cost the  
government approximately \$500,  
000,000.  
Roper said that refunds would  
have to be made approximately a  
half of 1917 tax returns, \$5,000,000  
000, 1918

1919 tax returns, \$100,000,000.  
1920 tax returns, \$200,000,000.  
For million returns must be cashed before any refunds can be made, the commissioner said.

## Ex-Kaiser's Cousin Is Out of Prison Camp

SEATTLE, March 10. — After spending nearly three years in the internment prison at Fort Douglas, Utah, Alvo von Alvensteben, reputed cousin of the ex-kaiser, is released today. Von Alvensteben's property interests in British Columbia were

the Chicago Exploration and Development corporation near Tonich, Sonora, were wrecked by dynamite two weeks ago by renegades, said Franklin E. Harding, consulting engineer of the company, who arrived here today. He says the loss \$125,000.

## Airplanes to Carry Gold Ore From Mine

BY INTERNATIONAL NEWS SERVICE.  
LEASED WIRE TO TRIBUNE.  
SEATTLE, March 10.—Three Seattle-built airplanes will be used by the Granby Mining company of Vancouver, B. C., to transport ore from the company's mine in the interior to tidewater at Stewart, B. C., a distance of twelve miles. Each plane will weigh 3000 pounds and will be equipped with 220 horsepower Liberty motors with a capacity of 1000

1919 tax returns, \$100,000,000.  
1920 tax returns, \$200,000,000.  
For million returns must be cashed before any refunds can be made, the commissioner said.

## Great Strike Looms Unless Costs Recede

BY ASSOCIATED PRESS.  
LEAFED WIRE TO TRIBUNE.  
NEW YORK, March 10.—The Central Federated Union's threat to recommend a general strike of 350,000 union men here unless immediate relief was provided against the high cost of living, especially rapidly increasing rents, was the subject of a conference between Edward J. Hannan and Ernest Bohm, president and secretary of the union respectively, and Mayor Hylan. Neither the labor

**Montana Places Ban  
On Bottled Olives**

HELENA, Mont., March 19.—Sale of olives and olive preparations in glass containers is absolutely prohibited in Montana by a decision of the state board of health. This action was taken as a result of the deaths of five persons at Java, Montana, from bacilli botulinus.

**Foes Are Defeated**

tion anticipated immediate action this afternoon and with Senator Riorch's vote hoped to break the deadlock which has existed between pro and anti-suffrage forces since the special session of the legislature was called.

## Senate Resolution Recognizes Armenia

BY INTERNATIONAL NEWS SERVICE.  
LEASED WIRE TO TRIBUNE.  
WASHINGTON, March 19.—The recognition of Armenia as a republic and the arming of her army by the

**Pacific Aerial Race  
Is Due Within Year**

NEW YORK, March 19.—The race between America and Great Britain to be the first to cross the Pacific will be the greatest aerial race in the world, according to naval officers here. It will supplant the Atlantic race and will take place within the coming year.

**Aero Mail Carrier  
Killed in Accident**

ELKHART, Ind., March 19.—

...his drinking infatuation. The average man consumes about 100 milligrams of alcohol a day, but more than three times as much, or a half pint of alcohol by weight, was introduced in the legislature today by Assemblyman Maurice Bloch, Democrat of New York. The measure, according to the introducer, is "Governor Edwards' New Jersey bill adapted to this state."

## ARTICLE TEN COMPROMISE PLAN FAILS

WASHINGTON, March 10.—The compromise on Article X, on which Republican and Democratic senators have been working, was suddenly withdrawn by the Republican leaders this afternoon.

Failure of Democratic senators to pledge themselves to support it was responsible for the Republican action.

The compromise was intended to amend the Lodge reservation to Article X as to make it acceptable to the Democratic side.

Senator Watson of Indiana, one of the Republican leaders, who had the proposed compromise in charge, gave notice to Senator Simmons of North Carolina, representing the Democratic side, that the Republicans had decided it would not be worth while to press the compromise further. Senator Simmons declared he "would continue to work for a compromise."

### INSURGENT BOURBOIS CONSIDERING REVOLT

A revolt of Democratic senators against President Wilson, sufficient to insure ratification of the peace treaty on the basis of the Lodge reservation program was threatened. At a conference held in the office of Senator Owen, Democrat of Oklahoma, there were considerable (able) senators hitherto regarded as staunch administration supporters voting on ratification "according to the dictates of their consciences" and not according to what the president wanted or did not want.

### ALL EFFORTS FAIL WHEN TEST COMES

A score of Democratic senators met in senator Owen's office in an effort to agree on some reservation to Article X. At the same time Republican mild reservationists were exerting themselves trying to get an agreement. But when the senate met none of these efforts had succeeded. It was stated at that time reservationists had decided to accept some modifications on Article

## Here Is Article X; Two Sentences to Decide Pact's Fate

WASHINGTON, March 10. Here is article ten, on which the fate of the peace treaty again is suspended—just two compact sentences set in the midst of an eighty thousand word document:

"The members of the League undertake to respect and preserve as against external aggression the territorial integrity and existing political independence of all members of the league. In case of any such aggression or in case of any threat or danger of such aggression, the council shall advise upon the means by which this obligation shall be fulfilled."

but were not pledged to any particular draft.

Senator Leavitt, mild reservationist, was prepared to offer a compromise to the senate and there was a bare possibility that the whole question would come to some sort of decision before the day ended.

## BOY TIPS DAD, POLICEMAN, TO GRAB BURGLAR

NEW YORK, March 10.—Charles Reynolds Jr., aged 3, was the detective that "tipped off" his father, a New York policeman, that a man was trying to break into an apartment, and caused the burglar's arrest. Within the family circle Charles had gathered that men who tampered with locks were not supposed to be allowed the freedom of the city, so when he and his father were visiting his grandparents he took a stroll through the hallways of the apartment house. He saw a "young man" tampering with a lock and concluded the matter would interest his father. Charles and his father overpowered the burglar.

## DEMOCRATS FACE CRISIS IN POLITICS

By WILLIAM PHILIP SIMMS,  
International News Service Staff  
Correspondent.

WASHINGTON, March 10.—The Democratic party is facing a crisis. The mystery of what the White House wants, the doubt as to just what the present campaign issues will be and the enigmatic behavior of the men most prominently mentioned as successor to President Wilson, combined to create a situation of turmoil and unrest.

Leading Democrats today continued today to discount all talk of a third term. But they say, the trend of events, the projection of the league of nations into the campaign and various other conspicuous signs tend to obscure the vision in such a way that they frankly admit they "do not know where they are at."

A high official in close touch with the White House declared today "Everybody has been proceeding on the assumption that the president is a sick man. He will surprise them all."

It is the open expressed opinion of Admiral Grayson the president's doctor, that by June 1 President Wilson will be physically able to make such a campaign as the dignity of his office would allow. Democrats are asking what will William Jennings Bryan do if President Wilson takes an active part in the campaign. Politicians are also puzzled over the Herbert Hoover boom, launched by some of the president's hitherto staunchest friends. Hoover, despite his denials, is regarded as in a receptive mood. Attorney-General Palmer is out in the open with his boom. Likewise Senator Owen of Oklahoma.

William G. McAdoo's attitude has caused an immense amount of brow knitting. By some he is regarded as playing the President's game by keeping out of the Democratic primaries, but this opinion is not shared by those close to the McAdoo circles. These latter claim McAdoo will be a candidate and that he will have the President's backing when the moment arrives for both to come out in the open.

## MRS. VAN CAMP GIVEN \$60,000 WITH DIVORCE

LOS ANGELES, March 10.—Superior Judge Crall today ordered paid to Mrs. Euphrasia Van Camp \$60,000 as her share of community property and granted a decree of divorce from Frank Van Camp, a wealthy food packer. Van Camp came to California from Canada several years ago after disposing of his interest in the Van Camp Packing Company.

Mrs. Van Camp sued for divorce on the grounds of extreme cruelty, naming Miss Ruth Cruzen, Van Camp's stenographer, as co-respondent.

The court held no evidence had been submitted to prove Miss Cruzen and Van Camp guilty of misconduct, and their friendship caused Mrs. Van Camp great mental anguish.

## PEEBLER ENTERS SELL WILL SUIT

Because her wealthy grandmother estate is now being battled for in a contest between brother and sister, in Superior Court, Mrs. E. C. Roberson's court, wished her to marry an Armenian who roomed at their home in Berkeley. Mrs. Nell Schaefer left the grandmother's estate for years ago, she testified today.

Mrs. Schaefer claims her grandmother was of unsound mind and that undue influence was used when she made the former's brother, Walter Batterman, her chief legatee. Mrs. Schaefer testified that the Armenian was an Oriental rug dealer of whom her grandmother had become very fond, but that she not only refused to marry him but told Mrs. Sell that either she or the Armenian must leave. She said Mrs. Sell refused to send the man away saying she would have no protection at night if he left, and Mrs. Schaefer took her departure.

## San Leandro Court Fines Nine Speeders

SAN LEANDRO, March 10.—Justice of the Peace W. J. Gannon has imposed a fine of \$25 each upon the following speed violators: William Hopes, Pleasanton; S. Sobrero, Alameda; J. C. H. Jones, San Francisco; J. O'Neil, San Francisco; J. N. Adams, Centerville; Doell Lester, Oakland; C. Kelleher, San Francisco; F. J. Yellon, Oakland; J. J. Campodonico, Stockton.

Joe Murray, local bootblack who was arrested on a felony charge, was before Justice Gannon for the preliminary hearing yesterday and was bound over to the Superior court for trial.

## Labor Body Refuses Sanction to Barbers

SACRAMENTO, March 10.—Resolved to maintain the union time set by the local barbers' union was made by the Sacramento Labor Council. The council took the position that it was not within the province of labor to dictate to an employer what time he shall open and close his business. It also declared that the authority to regulate prices that should be charged by barbers for service does not rest with labor. Hair cuts here recently were increased to sixty cents.

## Guilty Plea Entered Under Two Charges

Manuel Dutra, charged with appropriating a check for \$511 made out to a namesake which was sent to him by mistake, and with the theft of an automobile, has pleaded guilty to both charges and was this morning committed to the probation officer. Discovery that Dutra had a stolen automobile in his possession was made by Deputy Sheriff Joseph Soares after arresting Dutra on the check charge.

## Japan Spurns Peace Offer From Soviets

BY UNITED PRESS  
LEASD WIRE TO TRIBUNE  
"TOKYO, March 10.—The diplomatic adviser council meeting today decided to ignore the peace offer recently made to all the major powers by the Soviet government of Russia."

## American Killed by Bandits in Mexico

HOUSTON, Tex., March 10.—A cablegram sent by P. J. Blackmon, manager of the Magnolia Petroleum Company at Tampico, Mexico, to S. J. Byington of Houston, announces that "Petroleum Company employee of the Magnolia Petroleum Company, had been killed by Mexican bandits."

## Alameda Eagles to Entertain President

ALAMEDA, March 10.—State President J. J. Sanford and his staff will visit Alameda today. They will pay Alameda a visit tomorrow night. All agencies in Alameda county will be represented at the meeting in honor of the state officials. The program will be put on by Actie No. 61 of San Francisco.

## Kerosene Explosion Fires American Ship

FAYAL, Azores, March 10.—The American wooden steamer Brookfield was on fire yesterday afternoon through the explosion of 65 gallons of kerosene on board. The flames enveloped the ship, which is believed to be a total loss. The crew was saved.

The Brookfield is a vessel of 2661 tons and is owned by the American Shipping Co.

ALASKAN WILL LECTURE  
ALAMEDA, March 10.—Charles S. Price big game hunter and photographer and lecturer, will give an illustrated lecture on big game hunting in Alaska before the Alameda Elks on March 31. Price made Elks on March 31. Price court of Alaska, and also penetrated into the interior and little known parts of the northern territory.

NAVY TOLD TO ACCEPT  
WASHINGTON, March 10.—The senate today adopted a resolution by Senator Poindexter, Washington, directing the navy department to permit use of its radio facilities for transmission of press and commercial dispatches.

## U. S. TRADE BOARD TEST SUIT OPENS

WASHINGTON, March 10.—Suits to test the powers of the federal trade commission was instituted today in the supreme court of the District of Columbia by the Maynard Coal company of Columbus, Ohio, the first of several legal actions planned by the National Coal association to determine how far the commission may go in requiring private corporations to furnish information of their business.

An official announcement by the association said the suits were started in friendly spirit and in no way constitute an attack on the commission.

The action instituted today took the form of a request for an injunction to restrain the commission from requiring monthly reports showing costs, income and tonnage and an annual report of financial conditions. It was recited that the commission issued full instructions for the preparation of the report which in fact prescribed a system of accounting for coal mine operations differing substantially from those commonly in use.

MADE CHAMBER SECRETARY.  
SAN LUIS OBISPO, March 10.—Cruse Carrel, newspaperman, former of San Francisco and Los Angeles today was named secretary and manager of the Chamber of Commerce here.

## Store Editorial

The capable store, whose garments are well bought, intelligently selected and fairly priced, has no need to overstate as to their quality nor exaggerate as to their value.

# Karo

In the blue can.

Jams, Jellies, Preserves are Too High—Blue Label Karo Solves the "Sweet" Problem at Less Cost. Important to Large Families

THE mother of a large family cannot help being worried over the extremely high prices of jams, jellies, preserves—and candy. In children especially Nature emphasizes her demand for sweets. We all need a good percentage of sweets each day.

This is the reason for the unusual present demand for Blue Label Karo—the Great American Sweet for every purpose.

INSTEAD of worrying about and paying high prices for store candy, I make Karo Candy at home. It is easy to make, costs but little and its purity makes it best for children.

There is an every day use for Blue Label Karo. From breakfast on pancakes or waffles—to dinner for cooking and baking.

## I'LL RUN IF NEED IS REAL SAYS HOOVER

NEW YORK, March 10.—Herbert Hoover, in a letter received by Ralph Arnold of Los Angeles, New York representative of the "Make Hoover President Club" of California, declared he was not seeking public office, that his ambition is to remain a common citizen; but that he believed he, "like every other citizen, should be ready for service when really called upon."

Hoover's letter followed the action of a group of prominent Californians residing in this city in appointing a committee to go to Washington to ask Hoover to make known his position. The committee included Mark Regua, oil administrator during the war.

Hoover asserted that while such proposals are indeed a great honor, "I feel that I cannot alter the attitude that I have consistently preserved."

Hoover's letter continued: "I am an independent Progressive in the issues before us today. I think that at this time the issues before the country transcend partisanship. It is well known that I was a Progressive Republican before the war, and I think rightly, a non-partisan during my war service. The issues confronting us are new and the alignment upon them has not yet been made by the great parties. I still object as much to the reactionary group in the Republican party as I do to the radical group in the Democratic party."

REFUSES INITIATIVE. SECOND—I am not seeking public office, and consulting my own personal inclinations, I do not want public office. I cannot prevent any citizen or group of citizens from agitating that I should take public office, but I cannot conscientiously participate in any organization to that end.

I belong to a group which thinks the American people should select their own officials at their own initiative, and officials are to be the manufacturers of officials by machine methods. I feel sure that if I entered the race for nomination to the Presidency and undertook to solicit and spend the cost of propaganda and organization, this would be in itself a negation of the right American instinct, because of the obligations that it all implies.

I thoroughly believe that I, like any other citizen, should always be ready for service when really called upon, but to go out and try to persuade the public to call me is opposed to my every instinct. THIRD—I hope to have the affection of my countrymen, but my ambition is to remain a common citizen, ready to engage in team play with an organization and leadership that has for its objective the consummation and maintenance of great issues in the forms that I believe are to be of public interest and benefit.

I, of course, believe in party organization, but it must be for the promotion of issues, not of men. I am not a straddler of any issue; I spend most of my time agitating for issues that I believe in. It is the privilege of all of us to hold our own views and it is our duty to express them when called upon to do so. But no man can be so arrogant as to assume that he can dictate the issues to the American people or to the great parties they support.

Fourth, you and your friends have urged that I should undertake to organize propaganda for the submission of the National Democratic party to the American people by entering into competition for nomination by a great party.

Aside from the reasons mentioned above, this is entirely unattractive to me. I should like to see my view is that I should agitate for the issues, not for myself. Finally, I am not so ignorant as not to realize that does not lead to nomination to the presidency, but I would not be myself if I started out on a path of self-seeking to obtain any office.

## WIFE DIVORCES "TIN PLATE KING"

Testimony that a Serbian captain, Sampson Tchernooff, was attentive to Mrs. Margaret Carriere Reid and counterchanged a Mrs. George Reid with Reid in New York secured a divorce for Mrs. Reid in San Francisco. Reid is known as the "Tin Plate King."

Mrs. Madeline Ross Clifford has filed suit for divorce from Captain Charles L. Clifford of Monterey in the Alameda county superior court, charging cruelty. Mrs. Clifford, who is the daughter of Mr. and Mrs. George Ross of 219 E. Cerro avenue, Piedmont, met Clifford in Manila in 1918, where they were married on May 15 of that year. Five months later she says her husband deserted her. Mrs. Clifford is now in New York.

After having tied up her husband's \$1,000,000 estate in one divorce suit which she dropped, Mrs. Sarah A. Johnson has again filed suit against Mel G. Johnson, San Francisco capitalist, charging desertion. Property settlement out of court has been effected.

THE HOUSE OF COURTESY

## "Wooltex Tailor-Mades"

## The Distinctive New Suits of Spring

Of course, Wooltex Tailor-Mades include both Coats and Suits, but in this advertisement we are devoting particular attention to suits alone with the thought of emphasizing the Wooltex expression of the well-tailored mode. And suits, you know, are the criterion!

Pictured here is one of the latest Wooltex suits, all of which were designed especially for those women who choose the simpler, more refined fashions. It's \$95.

Another suit of unusual charm is of Gaelia Tweed with straight tailored lines, narrow belt and cord tucking on the collar, cuffs and pockets. The skirt is simple with cord-trimmed, flap pockets. It's a suit designed for the slender woman; it may be had in a choice of Spring colorings. Priced at only \$65.

This suit as well as many other new Suit and Coat modes, the creations of Wooltex designing, are now on display in Roos Bros. Women's Shops only—and are ready for your inspection now.

Wooltex Tailor-mades

At Washington and 13th, Oakland  
Also at San Francisco, Berkeley, Palo Alto and Fresno

## Political Field

LINCOLN, Neb., March 10.—Opposition to U. S. Senator G. M. Hitchcock as a candidate for the Democratic presidential nomination was expressed by William Jennings Bryan in a statement made public here today.

Mr. Bryan announced that if elected, a delegate to the National Democratic convention he would not vote for Senator Hitchcock. "If the state instructs for him," he declared, "I shall allow an alternate to vote in my place."

Among reasons given for his opposition to Senator Hitchcock were that he voted against submission of the federal prohibition and woman suffrage amendments, and had opposed the currency bill passed during President Wilson's first administration.

Referring to prohibition, Mr. Bryan said: "Forty-five states have ratified the prohibition amendment to the constitution, it would be an insult to these states for the Democrats to put up a man who, like Senator Hitchcock, voted against the submission of the National amendment after Nebraska had adopted constitutional prohibition by a 28,000 majority."

EDWARDS QUERIES ON DATE FOR PETITIONS. SACRAMENTO, March 10.—A telegram from Thomas Martin, Secretary of State of New Jersey, asking the final date for filing nominating petitions for the presidential primary election in California was received by Secretary of State Frank C. Jordan. Martin, it was said, has been interested in the aspirations of Governor Edward I. Edwards of New Jersey for the Democratic nomination for President, but there was no indication in the message that petitions would be filed in California.

## AMERICANS ON SPENDING SPREE, SAYS JOHN D. JR.

CHICAGO, March 10.—The American people are on a spending spree which will be followed by hard times unless it is curbed at once, it was declared by John D. Rockefeller Jr., in an interview here today. He also asserted that prohibition is bringing prosperity to the country.

Touching on the interchurch movement conference which he came here to attend, Rockefeller said that organization of all the Christian churches in such a movement, primarily to combat evil, will have a healthy effect on American business. Religion, he declared, stands at the foundation of any nation's business integrity.

## Children Are Taken From Fiume to Italy

Fiume, March 10.—General Cavaglia, former Italian minister of war, who is making a tour of inspection along the armistice line, said today he had arranged for many children of Fiume to be taken to Italy for humane reasons. Several weeks ago more than 200,000 were sent to Milan.

## Ambassador Davis Silent on Politics

LONDON, March 10.—John W. Davis, the American ambassador, declined to comment today on the action of the West Virginia Democratic state convention in endorsing him for the Democratic nomination for President.

## PIERCE ARROW "The First Fifty"

TRUCK NO. 29. The Morkel Brothers Company of Cincinnati, plumbers' supply house, has operated truck No. 29 successfully since 1911. Used in hauling materials from freight stations to the firm's warehouse and also in delivering goods throughout the city, the truck because of short-haul work has covered less than 50,000 miles during its life. It has been kept in such perfect mechanical condition through repeated attention, however, that it apparently is in as good condition today as it was on the day of delivery.

First Fifty Booklet can be had on application.

## O'Malia Denies Betting; "Only Pikers Play," Say Emeryville Resort Men

"Yes, I caught a fellow running a handbook around the streets the other day and he was in the place trying to work it, but I ran him out as soon as I found it out. You see, I've been in the saloon business in Emeryville for a long time and I'm not going to do anything that isn't all right, you understand."

Ed O'Malia, in whose saloon at 5709 San Pablo avenue a reporter placed a bet of \$3 on Tiger Rose, a horse in the New Orleans races, was explaining how it all happened to a group about his bar.

"Once in a while some of the fellows make a little friendly bet but there's nothing about that you call gambling going on around here," he said. "I should say not," was the comment of one man over his Cherry Punch (trade mark registered).

O'Malia denies that there was ever a poolroom run in his saloon or in the rooming house above it. Anxious to prove his statements, he showed a reporter through every room in the saloon and rooming house to prove that there was nothing improper going on.

"Anyway, these fellows that bet on the races, they're of amusement, it's their form of amusement. You can't stop that, and besides, what does it matter?" came from the center of a ten-cent cigar atmosphere in one corner of the saloon.

A silence, followed by a chorus of "sures."

ORAL BETTING'S THE THING. "No, and anyway, oral betting isn't against the law," resumed the Cherry Punch.

"If there isn't such a lot of money in bookmaking, as some folks think anyway," voiced the Ten-cent Cigar.

O'Malia says that every bit of betting that was ever done in his saloon, if there ever was any, was done under his knowledge and that it was stopped as soon as he became aware of it.

At 3908 San Pablo avenue, a place where the reporter was told that "any one can take bets from strangers," operations are closed, the place now being remodeled as an open-front, soft-drink establishment by carpenters.

Up at Joe Freitas' place at 4090 San Pablo avenue, where, too, the reporter was balked by the watchfulness of look-outs who guarded the doors to rear rooms through which a steady stream of regular customers were allowed to pass.

O'Malia's statements concerning race-track gambling drew up to the place where the reporter's automobile after a lengthy discussion at the Town Hall on how

hard it is to get the evidence on the gamblers.

"Way sure," says Carey. "You see, betting is alright if it's oral and so these fellows just make it oral. Maybe they write down some notes on the side, but how are you going to prove anything by them in court?"

SIGN MANUAL GAMBLING. "After they stopped the betting but while the track here in Em-

Y' SEE, THERE'S NO GAMBLING GOIN ON HERE. NO MONEY—NO TICKETS—NO NOTHING—ALL TALK DO AROUND HERE. IS TALK LOW AND REMEMBER, ONLY THEY OVED A MILLION YEARS AGO.

SAY MAC, HERE'S THAT FIVE DOLLAR BUCKLE FROM THE LAST RACE. LAST RACE WAS A BIG ONE.

eryville was still running some of these men used to run books. They would talk to the man who was making the bet.

"This man would say, 'Here's that five I owe you, Jim,' and the fellow running the book would take his money. The bookman would hand him a standing receipt alongside of him with his receipt on and inside the coat this man would be taking notes on the bet in a little notebook."

They would have some system of writing it down so it looked like an ordinary account where the bookman had loaned some money to this fellow.

"Well, you can't show that kind of evidence to a jury. You can say they were betting on the races and they say they were not."

"Anyway," Carey continued, "it isn't being done. When open, is it? Your man had a hard time placing a bet, didn't he? And then it wasn't written down, was it? Mine chance, I'd have a court trying to convict anybody."

Your man would say he did and the other fellow would say he didn't and where would I be? "There's always been some gambling and you can't stop it. Come on, I'll take you up to Freitas' place and let you talk to him."

The reporter went and heard the same denials that anything "big" was being done.

"There are no more gambling going on, nobody can help that, but there's no big books being run and all the oldtimers have got more sense than to write it down—besides their memories are too good," was the comment along the Freitas bar.

"Some of these fellows can keep a hundred bets in their head, they don't need to write it down—and when it's oral, it's legal, so what can they do?"

According to the bartender at Freitas' saloon, there are no books being run there and there never were.

"It hardly pays to run this place without liquor. Hardly take in two dollars a day," he said, as a group of half a dozen men filed through the back room coming from an inside room in the rear.

## Army Store Planning To Close Out Stock

The Army Retail store in the basement of the Oakland City Hall, is planning to close out all surplus stock on hand in order to discontinue the Oakland store in the near future. To this end, no additional supply of groceries will be received and as soon as the groceries now on hand are sold, this department will be closed.

The local Army Store has on hand a large stock of shoes, blankets, underwear and canned bacon and if the ground warms, these articles will be sold here for a short time.

Captain Raymond Boyd, in charge of the Oakland store, announces that the following articles are on hand in quantities sufficient to insure good selection and will be sold out in the very near future: Army shoes, new, \$7.50 and \$8.25; shoes reclaimed, \$3; rubber boots, \$5.25; Arctics, \$2.25; wool blankets, reclaimed, \$5; underwear, both summer and winter weights, 50c and \$1 the garment; face towels, 20c; bath towels, 45c; bacon in cans, 12 lbs net, \$2.75; and five kinds of candy at 4c the package.

T. S. SEEKS MEN FOR SHIPS. SAN FRANCISCO, March 10.—The Sea Training Bureau is in need of the right kind of material to uphold the present high standard of American seamanship, and all young men who desire a seafaring career under the American flag, should get in touch at once with the nearest merchant marine enrolling agent or communicate direct with the supervisor of the Sea Training Bureau, room 224, 363 Pine street, San Francisco.

## NAME WORKERS TO AID CIVIC CENTER

Active work on the proposed Memorial and Recreation center will begin next week, Chairman Jesse Robinson stated today, following a conference with campaign manager Harry C. Schroeder, when committees were appointed to bring the project to the people in the form of a bond issue election at the presidential primaries in May.

Goodrich and J. Carl Ewing, baseball men, were appointed assistant campaign managers.

The following committees were appointed: Legal committee: Charles A. Beardsley, chairman; H. L. Hagan, David D. Oliphant.

Outgoing Districts committee: A. E. Carter, chairman; Harry Burlingame, B. A. Sifford, I. H. Clay, Herbert Hauser, Herbert D. Wise, John P. Mullins, and H. L. Hagan. Others of this committee will be appointed at a meeting next week.

Speakers' committee: David D. Oliphant, chairman; Rev. Charles S. Price, Charles H. Seaborn.

Publicity committee: Rodney Marchant, chairman; H. B. Horner and George Steiner.

Chairman Jesse Robinson received word today that John Blackwell, prominent Berkeley architect, has accepted the chairmanship of the Structural Program Committee, which has as its other members: Marston Campbell, city engineer, and Walter Reed, city architect.

The general committee will meet Monday at the Hotel Oakland to begin active work.

## "Mother" Jones Due In Oakland Thursday

"Mother" Jones, whose address for the past thirty years has been any place where a strike was in progress, is expected to arrive in Oakland tomorrow morning, and plans are being made at the offices of local labor unions for her reception.

Word of her coming here was received in a telegram from C. B. Harvey of the Los Angeles Oil Workers' Union to V. C. Broadbent, secretary of the Alameda County Metal Trades Council, which reads:

"Mother Jones is coming to help the bay cities shut-out strike. She will leave here Wednesday. Will you meet her at the train and care for her?"

### Continental Hikers Arrive at Oakland

Possessed of documents to show that they have walked 2000 miles in the United States and on their way to San Diego, G. P. Pinto and Elmer V. Johnson are in Oakland for a short stopover. Johnson is deaf and dumb and Pinto has lost his hearing. The latter is a member of the Portland Pines Club, and helps to earn his living on his way by the work of his pen. They left Boston in 1916 and have been walking a greater part of the time since.

### Pope Announces New Bishop Appointments

ROME, March 10.—At the secret consistory held yesterday Pope Benedict announced the following appointments. The Most Rev. Edmond Helan to be bishop of the diocese of Sioux City, Iowa. Monsignor Ruiz to be auxiliary archbishop of Mexico. The Rev. James McLaughlin to be bishop of Jaro, Philippine Islands. The Rev. Gerardo Araya to be bishop of Shuebi, Mexico, and the Rev. Marco Serrin.

### Woman Wins Letters In Concord Estate

CONCORD, March 10.—Mrs. Mae E. Klein of Concord has been appointed as administrator of the \$2100 estate of her brother, Robert A. Martin, who died recently in Vallejo, by Superior Judge A. B. McKenzie. A counter petition for letters of administration had been filed by her brother, J. H. Martin, of Mare Island.

### BOBS ACHIEVES STATE LAURELS; IS CANINE STAR

Bobs, the well known boat house dog, who has adopted the entire recreation department at Lake Merritt, again has distinguished himself. Bobs has been known for some time as the dog star of local water sport, but his most recent act of heroism has established him as a stage star.

A dog was needed in the presentation of the first play of the children's educational theater in the municipal auditorium on Saturday—a dog that would consent to be harnessed to a little red wagon laden with cages of canary birds.

### POPULATION OF CALIFORNIA SET AT 3,500,000

SACRAMENTO, March 10.—The federal census for 1920 will show that California has a population of approximately 3,500,000, according to an estimate made by Will C. Wood, superintendent of public instruction, on the basis of average daily attendance of elementary schools.

### AEOLIN YACHTSMEN Breaking Out Sails

ALAMEDA, March 10.—Directors of the Aeolian Yacht Club will meet here tomorrow night to hear a report from their representatives to the annual meeting and election of the Pacific Inter-Yacht Club Association in San Francisco. March 8 William Hunt, F. P. Johnson and A. L. Loefer represented the Aeolian.

### Alameda High Paper Is Sent to Printer

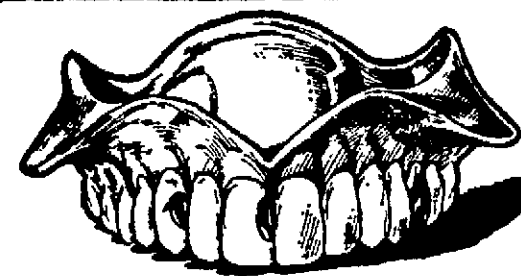

ALAMEDA, March 10.—Oak Leaf, the Alameda high school bi-monthly newspaper, went to press today for the first time this school year. Under supervision of Editor William Howell and Manager Henry Gutte the Oak Leaf has been changed from the magazine class and is much larger. Manager Gutte has put the Oak Leaf in the legitimate newspaper sphere by securing permission from the Alameda Chamber of Commerce to solicit advertising from its members.

### SALOONS ARE REPLACED BY OTHER LINES

What has become of Oakland's downtown saloon locations? Forty-one places formerly used by saloons are now occupied by other businesses. The locations having been filled after practically no period of vacancy since the saloon closing, according to a report prepared by J. Charles Jordan of the Pacific Gas and Electric Company.

Nine of the forty-one locations are now restaurants or soft-drink saloons, and eight of them are pool halls, cigar stores and barber shops. The other locations include produce stores, hardware stores, jewelry stores, garages, florists and retail stores of varied descriptions.

Prior to 1868 B. C. all statues were carved in wood.

Before that little skin eruption becomes serious apply

### Resinol

Even in severe cases of eczema, or other like skin troubles, Resinol Ointment, aided by Resinol Soap usually brings quick relief and in a reasonable time, clears away the trouble completely. How much more, then, can this simple inexpensive treatment be relied upon to dispel skin troubles in their earliest stages. It is a standard skin treatment, prescribed for years. Don't wait—try it today. Sold by all druggists.

### Mario Valle

famous baritone and one of the world's greatest Escamillos

### SOLOELLE

The Tone-Coloring Solo Player Piano:

"The SOLOELLE is truly a miraculous invention. It gives to the singer all that could be desired in accompaniment. In the control of melody and control of tone color, it gives to the performer all that years and years of hard study and practice could accomplish."

*Mario Valle*

The SOLOELLE is a revelation to all who hear it—it is truly a marvelous invention. It removes every objection that can possibly be had to the player piano, and makes it an artistic musical instrument.

The results obtained upon the SOLOELLE surpass anything that has been heard in a player piano—the SOLOELLE is different—different in action—different in performance—different in effects.

Hear the SOLOELLE and you will understand.

### There Are Two Reasons:

#### First

The Soloelle is the only player piano that affords complete and unrestricted control of Melody and Accompaniment separately.

#### Second

The Soloelle is the only player piano that affords control of the tone-color—the kind, quality, or character of tone as distinguished from quantity of tone (tone gradation).

### Here's "Your Grocer's Sweetheart"

The Sweetheart of the Corn

### Kellogg's TOASTED CORN FLAKES

TODAY your grocer adds another to the many excellent services he renders you. He makes it easy for you to supply your family with the finest toasted corn flakes known—Kellogg's. By window and store displays he brings them to your attention, together with the other famous Kellogg products—Kellogg's Krumbles, Kellogg's Krumbled Bran and Kellogg's Drinket.

Select Kellogg's Toasted Corn Flakes for their richness of quality and their tempting flavor. The natural sweetness stored in fine, white corn is so enhanced that you save sugar when you serve them. The energy-building quality of the selected corn is brought to you at full value, and the oven-fresh goodness of these unrivalled corn flakes is perfectly retained in the "waxtite" package bearing the guarantee-signature of *W. K. Kellogg*

Every grocer everywhere sells Kellogg's every day

## END LOOMS IN POUCHER BALM CASE

SAN FRANCISCO, March 10.—The trial of Dr. John Poucher, until recently Methodist Episcopal church pastor, charged with alienating the affections of Mrs. Irma Snelitzer, a member of his congregation, and his former secretary, is expected to go to the jury late today in Superior Judge Bernard Flood's court. The verdict will determine whether Dr. Poucher is to pay \$50,000 damages.

Before the prosecution commenced argument this morning the defense introduced as evidence a letter written by C. H. Snelitzer, father-in-law of Mrs. Snelitzer, to Bishop Leonard of the Methodist Episcopal church declaring that the pastor smoked a cigar, that the executives of the church were cognizant of this infraction of a certain rule, and that they were in accord with Poucher in all that he did.

The defense introduced the letter for the announced intention of showing the existence of malice toward the defendant.

The prosecution centered its opening argument on what it termed was the similarity between ex-pastors of Dr. Poucher's handwriting with an entry on the register at the Hotel St. Mark in Oakland, the entry being "J. J. Parker and wife, Chicago." In commenting on the testimony of the defendant's wife and two young sons, Attorney Honey, for the prosecution, declared the evidence supporting the moral character and habits of Dr. Poucher only convinced him of how fully the latter "had put it over on them."

Honey also referred to the defendant's deposition on the witness stand, describing him as possessing exceptional shrewdness, ability and craftiness.

### Lanphier in Sopwith Taken Off for North

SAN FRANCISCO, March 10.—Major Thomas Lanphier, flying the Sopwith that caused the jinx flight from Seattle, took off for March Field via Bakersfield and Los Angeles at 9:20 a. m. today. Lanphier said he meant not stop at Bakersfield but had definitely decided to alight at Los Angeles.

The flyer is returning from an inspection of the air service forest patrol.

### Mr. Charles Grewe Tells How Cuticura Healed Pimples

"I had pimples and itching enough to set one crazy. My face, neck, shoulders, back and arms were covered with pimples and they later became an entire scale so that I looked horrible. I was ashamed of myself. Many nights I did not sleep, and I soon became nervous. The pimples were hard and red, and were very large, and I scratched the parts affected. I saw an advertisement about Cuticura Soap and Ointment, so I sent for a sample. I bought more, and used four cakes of Cuticura Soap and two boxes of Cuticura Ointment which healed me." (Signed) Charles Grewe, 215 South 5th St., Steubenville, Ohio, Mar. 27, 1919.

Cuticura Soap, Ointment and Talcum promote and maintain skin purity, skin comfort and skin health when used as directed.

Get a small quantity today at any good drug or toilet goods counter. The directions are simple and it costs so little that any girl or woman can afford it. In addition the manufacturers authorize every druggist to return the purchase money unless the first application shows noticeable improvement, so be sure to try it at once.

Osgood Bros., The Owl Drug Co. and the Drug Department at Kahn's can supply you.—Advertisement.

### Y. L. Chan Herbs Win Praise

Miss H. Estman, well-known Berkeley woman, living at 1047 Channing Way, Berkeley, writes most enthusiastically of the Y. L. Chan herb treatments which cured her of a long-standing case of catarrh.

Miss Estman's letter follows: "After suffering for many years from catarrh which made me subject to frequent heavy colds and coughs and finding no relief anywhere in any treatment I tried the Y. L. Chan herb remedies with wonderful results. After two weeks' treatment I am entirely cured and feel better every way than I have in many years."

## Oakland Night Schools to Reopen; C. of C. Lends Aid

Oakland's night schools will reopen. The courses will be conducted under the auspices of the education committee of the Oakland Chamber of Commerce, the board of directors having authorized the handling of the situation at its meeting last night. Those who desire to take the courses will pay a small tuition fee. The education committee will handle only the financial end, acting as the clearing house, or "banker," for the night schools. All other details will remain in the hands of Lewis B. Avery, director of the night schools for the Board of Education, and the same teachers will be retained. They will collect the tuition fees from the pupils, turn them over to the committee, which will disburse them.

The action by the directors of the education committee was taken after the education committee had worked out the plan for the resumption of the night classes. It was explained by Fred M. Hunter, superintendent of schools, that under the plan public schools could not collect tuition fees for instruction.

Courses in commercial, industrial, academic, home economics, physical training, science, drawing and art subjects are being started. Additional students may enroll in machine shop practice, electrical shop, cabinet making, auto repairs, auto ignition, mechanical drawing, industrial chemistry, public speaking, short story writing, salesmanship, millinery, dressmaking, shorthand, typing, bookkeeping, arithmetic, penmanship, business, English, fashion designing, China painting, French, Spanish, Italian, algebra, geometry, trigonometry, computer, business law, physics, strength of materials, naturalization, radio, home nursing, first aid and orchestra.

A small tuition fee ample to meet the cost of instruction will be charged. The fee guarantees the continuance of the course for the length of time for which the class is organized. The amount of the fee is dependent upon the number of students in the class and the length of the course.

The co-operation of the Chamber of Commerce, Merchants' Exchange, Automobile Association, Rotary Club, Lions, Real Estate Board and other organizations was asked by the mayor in his campaign today, intended to secure the organization of a body of delegates-at-large representing Oakland together with city officials.

The convention has been announced for April 1, 2 and 3 for the discussion of subjects important to the development of the southwest, including questions of trade, reclamation, manufacturing and education.

The directors also voted, on recommendation of the laws and legislation committee, to recommend to Congress that the salaries of employees of the customs service, and of the patent office be raised. The committee found on investigation that, owing to the small salaries paid, those departments of the government were losing about 40 per cent of their employees annually to business houses which were willing to pay larger salaries.

With the filing of papers today the Palmolive Company, manufacturers of soap, formally took over ten acres of land between the Southern Pacific and Western Pacific rights of way at the foot of Ninety-second avenue, in Elmhurst.

The purchase of the land means, according to the Palmolive people, that Oakland will become the Pacific Coast headquarters of the concern. Work will begin shortly on a plant to cost about \$750,000, which will employ about 500 workers.

The site of the land was made by F. W. LeBaillister and the negotiations for the location of the plant were carried through by the new industrial committee of the Oakland Chamber of Commerce. The property purchased was part of the holdings of Mrs. Kate Mathews.

The Palmolive plant will grind about 100 tons of soda a day, producing about 55 tons of oil. At first the mills will be devoted only to the production of oil, but it is the plan of the concern to manufacture soap here in the future. The plant is expected to be in operation in about sixty days.

**Sisson \$90,559 Estate Left Widow in Trust**  
Everett Sisson, who was Pacific coast manager of the Curtis Publishing Company when he died in Oakland last October, left an estate valued at \$90,559, according to an appraisal on file in the Probate Court today. Besides 135 shares in the Curtis Publishing Company valued at \$37,000, the estate consists of 120 shares of the Pennsylvania railroad, \$5490; bonds, \$17,635; first mortgages, \$18,900, and Liberty Bonds, \$4540.

With the exception of \$1000 bequests to two nieces, Dorothy and Marion Sisson, the entire estate was left in trust to the widow, Mrs. Josephine Ann Sisson, formerly of 159 Montecito avenue, but now residing in Los Angeles with her daughter by a former marriage, Helen Pierce Barker. Sisson left the entire estate to this step-daughter upon the death of his wife. The will provides that the widow may have \$250 a year from the principal as well as the income during her lifetime. The Security Trust and Savings Bank was appointed executor in the will. Judge C. E. Snook acted as attorney.

**Woman's Bank Book Is Divorce Cause**  
Discovery of a bank book belonging to one Louise Havens, coupled with seeing him in the company of this woman and his own admission that he had been with another woman on one occasion when he remained away from home all night, has led Mrs. Dora E. Pughaupt to file for divorce suit against George A. Pughaupt, according to the charges in her complaint. Her husband also told her, his wife avers, that he had a friend in Ogden, Utah. Although residing in the same house at 1614 Aulene street, the wife says, she and her husband have been living apart since December 2. She asks for all the community property consisting of the home and household furniture with \$75 a month alimony and custody of a son, 14 years of age.

**Telephone Strikers Meeting Is Called**  
A mass meeting of men on strike from the telephone company was called today for Sunday afternoon in the hall at 1115 Valencia street, San Francisco. The meeting is being arranged by a committee from all unions involved in the strike about the bay district, the Oakland union being represented by J. E. Fiefield. The purpose of the meeting is to discuss some proposed changes in the form of organization of the Bay District Council of Electrical Workers and to elect new officers.

**Capt. Ferguson Gets Mount Vernon Bridge**  
Captain Norman Ferguson, who commanded transports on the Atlantic coast during the war, arrived here yesterday to take command of the transport Mount Vernon. The big steamer returned to port Jan. 29 in distress while en route to Vladivostok, and was taken to Mare Island for repairs. This morning she came down and docked at the sea wall in San Francisco. Within a few days she will go out side the heads for an official trip.

**MALPRACTICE IS CHARGED.**  
Charging Dr. H. J. Peter, physician and surgeon associated with the North American Hospital Association with having performed an operation on his wife when it was not necessary, Saviour Baranco has filed suit in Judge Harry W. Puleter's court against the association and Dr. Peter for \$299 damages, alleging malpractice.

## OAKLAND TO BE AT LEAGUE MEET

Data concerning the approaching convention of the League of the Southwest in Los Angeles, in which Oakland has been invited to participate with other cities of the southwestern states, were today sent by Mayor John L. Davis to various civic and commercial organizations throughout the city with the request that arrangements be made to have a large delegation at the convention from this city.

The co-operation of the Chamber of Commerce, Merchants' Exchange, Automobile Association, Rotary Club, Lions, Real Estate Board and other organizations was asked by the mayor in his campaign today, intended to secure the organization of a body of delegates-at-large representing Oakland together with city officials.

The convention has been announced for April 1, 2 and 3 for the discussion of subjects important to the development of the southwest, including questions of trade, reclamation, manufacturing and education.

## MAN INDICTED AS FRAUD, ARRESTED

SAN FRANCISCO, March 10.—With the arrest today in New York city of James A. Casey, former secretary-treasurer of the now defunct Associated Swine Breeders of California, it was disclosed here that the same Federal grand jury which indicted D. H. Baker, president of the organization, for misuse of the company's funds, and mails, also had indicted Casey in connection with the operation of the company.

Casey, it was reported, was indicted on twenty-nine counts, and for some time has been the object of a search prosecuted by the government. He will be brought here for trial.

Baker, as executive of the swine breeders' organization, became involved with the law following an investigation into the financial status and operations of the company of which he was head. He fled, and still is a fugitive from justice, including questions of trade, reclamation, manufacturing and education.

## Rooster Inquiry Broadens; Plans to Stop Grow Many

Proposed schemes of various sorts to take the crow out of roosters at night will not solve the rooster problem, according to developments in the rooster inquiry today.

"How about the crowing in the daytime, gentlemen," asks R. F. Jennings in a communication on the issue to the council today. "Many people work at night and sleep in the daytime."

Jennings' pertinent inquiry opens a new channel in the rooster probe, for previous protests have been aimed at the nocturnal activities of the male of the fowl species. Commissioner of Public Health and Safety P. D. Morse has been delegated to take this new angle under advisement.

"How about the law requiring people who own chickens to pay taxes on them?" asks Jennings, and to support his contention he calls attention to the numerous nurses, conductors, motormen, policemen, and telephone operators who sleep during the day, to say nothing of the people.

Further protest was filed today by Thomas W. Hunter, 1515 Twenty-fourth avenue, who declares that the claim of chicken fanciers that roosters help reduce the H. C. L. is "a bunk," and that roosters produce nothing but noise.

A whistle party will be given by the drill team of Fruitvale Circle, Neighbors of Woodcraft, in the W. O. W. building, 3256 East Fourth street, on the evening of March 15.

**MEXICAN ORE ARRIVES**  
EAGLE PASS, Texas, March 10.—Ten carloads of zinc ore and copper, silver and gold bullion valued at \$350,278.00, arrived here today from Mexico.

## SAN DIEGO WIND DAMAGE \$10,000

SAN DIEGO, March 10.—Damage to property estimated at \$10,000 with the serious injury of one man and two others badly hurt, was done here early this morning by a heavy wind storm which hit an outlying section of the city. The wind left a path of debris on the eastern side of the city and was of such intensity that in several instances houses were blown down.

San Diego county received a good fall of rain last night and early this morning. In the city the precipitation was .71 of an inch, but in some portions of the county as much as 1.09 inches of rain was recorded. Today the sun is shining and the storm has apparently passed.

**WHIST PARTY PLANNED.**  
A whistle party will be given by the drill team of Fruitvale Circle, Neighbors of Woodcraft, in the W. O. W. building, 3256 East Fourth street, on the evening of March 15.

## SOAP COMPANY TO LOCATE HERE

With the filing of papers today the Palmolive Company, manufacturers of soap, formally took over ten acres of land between the Southern Pacific and Western Pacific rights of way at the foot of Ninety-second avenue, in Elmhurst.

The purchase of the land means, according to the Palmolive people, that Oakland will become the Pacific Coast headquarters of the concern. Work will begin shortly on a plant to cost about \$750,000, which will employ about 500 workers.

The site of the land was made by F. W. LeBaillister and the negotiations for the location of the plant were carried through by the new industrial committee of the Oakland Chamber of Commerce. The property purchased was part of the holdings of Mrs. Kate Mathews.

The Palmolive plant will grind about 100 tons of soda a day, producing about 55 tons of oil. At first the mills will be devoted only to the production of oil, but it is the plan of the concern to manufacture soap here in the future. The plant is expected to be in operation in about sixty days.

## I. W. W. MURDER CASE NEARS END

MONTESANO, Wash., March 10.—The sixtieth rebuttal witness for the prosecution in the Centralia murder trial has testified and there is every prospect that the state will conclude its case early this afternoon.

Write the prosecution turned its efforts toward impeaching testimony of Elmer Smith, the defendant, made in his own behalf. Defense Attorney George F. Vanderveer sought to get in more "color" evidence showing the feeling of Centralia interests against the I. W. W.

The American legion witnesses who come to the stand are now being asked if they contributed to the fund to prosecute the case; to pay big salaries to the prosecution and the investigators, or as Vanderveer declares, the "stool pigeons." Replies are not being made by the witnesses, but the descriptive questions of the defense attorney added to "smother" with friendship of the defense claim will do more to win the case than the evidence.

**RUPERT BLUE NOMINATED.**  
WASHINGTON, March 10.—The President sent the following nomination to the Senate this afternoon: To be assistant surgeon general at large, public health service, former Surgeon General Rupert Blue, formerly for surgeon, Joseph H. White.

**DYE OLD, FADED DRESS MATERIAL**  
"Diamond Dyes" Make Shabby Apparel Stylish and New

The Direction Book with each package tells so plainly how to diamond dye over any color that you cannot make a mistake.

To match any material, have druggist show you "Diamond Dye" Color Card.—Advertisement.

**CHILDLESS WOMEN**  
Please Read This Letter And See What Normal Health Will Do For You.

Lancaster, Pa.—"I was weak and run down, had pains in my head, back and stomach all the time, and was bearing down pains. I had used Lydia E. Pinkham's Vegetable Compound and it helped me, so my mother got me to try it again, and I am now feeling better than I have for years. We were married sixteen years and had no children, but now we have a fine big boy and we always call him our 'Pinkham' boy. The doctor was afraid of my age as I was 41 years old when the boy was born, but I came through all right. You can use this as a testimonial if you wish and I will certainly write to any one who writes to me about it."

—Mrs. MARGARET G. HAVERCAMP, 629 Howard Avenue, Lancaster, Pa.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for advice. Your letter will be opened, read and answered by

# Odd Bits of Humor

Miss Snaps—I wonder why Maude gave her age as 25 when she married that rich old man? Miss Snaps—Oh, I suppose she made a discount for cash.

"Yes, I advertised for shop girls, but I didn't get an applicant." "And no wonder. Advertise for sales ladies."

"We should return good for evil." "That's what I'm doing. Taking back fresh eggs for the cold storage things I borrowed from Mrs. Next-door."

"Jack, mother was looking when you kissed me last night." "How did she take it?" "Well, she said she felt satisfied that you meant business."

Three Floors of Millinery for Miss, Maid—Gerwin's and Malron

WHETHER it is a small Flowered Toque, a Narrow Brimmed Sailor, or a large floppy Hat, no matter what style you wear best, it will be found at this store! If it is new, you will find it at Gerwin's.

Oakland's Premier Millinery Shop

**Gerwin's**  
471-479-1575 OAKLAND  
222 BROADWAY & WASHINGTON

No power on earth can halt the flight of time, but in spite of years you need not "grow old." It's all a matter of keeping the body fit—strong, vigorous and healthy—so that it will arrest the effects of time.

The approach of "old age" simply means the gradual decay of the body's organs and tissues. Keep the stomach, bowels, liver, kidneys, bladder, heart and lungs in good working order and Time's fingers will touch you lightly.

At the first sign of breakdown, either physical or mental—if slight exertion makes you tired, weak, nervous or irritable—if your appetite lags, your digestion is poor, your sleep troubled and broken—in short, if you find that you're losing your "punch" and "pep" and physical energy—begin the building up process at once by taking

**LYKO**

The Great General Tonic

Nothing will restore your strength, renew your health and revive your spirits like this master body builder. It reconstructs the decaying tissues by enriching the blood and tones up and invigorates the entire system by stimulating the sluggish organs into normal activity. Fine for over-worked nerves, headache, loss of appetite and indigestion.

Get a bottle of this splendid tonic today. Don't put it off. It's mildly laxative and keeps the bowels in fine condition. Your druggist will supply you.

Sole Manufacturers  
**LYKO MEDICINE COMPANY**  
New York Kansas City, Mo.

## SPRING RAINS

bring bad tempers and bad health. Why? Because most mankind are shut up in the house, or factory all winter and do not have the opportunity to breathe in good oxygen, the system is filled with toxins (poisons), and in consequence one feels blue, tired and miserable, perhaps "aches all over." The very best way to get rid of the poisons and to build up for another and better day is to obtain a vegetable tonic, made without alcohol, and known favorably for over fifty years as

Doctor Pierce's Golden Medical Discovery. This will put vim, vigor, vitality, into your blood. You will feel young and buoyant instead of old and "seedy."

At this time of the year people feel weak, tired, listless, their blood is thin, they have lived indoors and perhaps expended all their mental and bodily energy, and they want to know how to renew their energy and stamina overcome headaches and back-aches, have clear eyes, smooth, ruddy skin, and feel the exhilaration of real good health tingling thru their bodies. Good, pure, rich, red blood is the best insurance against ill of all kinds. You are apt to suffer from an attack of "Grip" if your health is run down. Purify the blood and you can defy Grip or Flu. This is the time to clean house and freshen up a bit. Get the "Discovery" TO-DAY, in tablet or liquid form. Send Doctor Pierce's "Invaluable" Hotel, Buffalo, N. Y., 10 cents for trial package.

# A HEART and MIND HUSBAND

by ADELE GARRISON

(Continued from Yesterday)

What Happened at the Stockbridge Home

Mrs. Stockbridge herself met us at the door, in appearance and manner quite transformed from the stiff, sulky woman I had first met, and with no trace whatever of the mad, dangerous creature who had shrieked at me from the side of the road a few weeks before. Evidently, as Miss Dean had predicted, she was "on her best behavior," and I received a cordial, smiling welcome which she extended to us as we came up the steps.

"My dear," her husband spoke the words with the deferential intonation he almost always used toward her, "this is Lieutenant Graham. You know him. Mrs. Graham and Alice of course."

"I am so glad you could come to us, Lieutenant Graham," his wife said brightly, shaking Dicky's outstretched hand with effusion. And now, Kenneth, if you'll take Lieutenant Graham on to your room I'll bring the girls out to the sun parlor. We'll have tea there in a few moments. I know you must all be tired and thirsty."

"We're so tired, Milly," Alice Holcombe spoke promptly, "that I for one would like to go upstairs and get some of this dust off before tea. I wondered if it were my fancy or if a flicker of alarm show in Milly Stockbridge's eyes for a moment. The next moment she had answered calmly:

"UP TO SOMETHING!"

"No need to climb the stairs, Alice. Here's a lavatory and towels and a mirror right here, as you know." She threw open a door from the hall. "Just freshen up all you wish while I see to the tea. Bring it's Graham out when you're ready. Alice knows this house," she turned to me, "as if it were her own."

She slipped away and Miss Holcombe and I removed our hats and coats, not daring to speak until she was safely out of earshot.

"She's been up to something," Miss Holcombe muttered in my ear. "I'd give a couple of dollars to know this minute, but she has effectively put that out of our power without rudeness until after this cup of tea. She'll try to keep us down here as long as she can till very near the dinner hour. You see she happens to be one of those absolutely perfect housekeepers that nothing escapes her. All arrangements for her dinner and reception are proceeding smoothly, her mother's cook always comes in to help her when she gives an affair and she has ample time for mischief."

"What do you think she's done?" I asked.

"Played hob with your dress in some way, I'm afraid, she's as spiteful and irresponsible as an ugly spoiled child, but she's not going to get away with anything this trip. Her mouth set in grim unbecomingly. "Now you follow my lead. I'm not going to linger long over that tea drinking, so please be prepared to track whatever I have to say."

A TRICK DISCLOSED

I followed her out to the sun parlor, fighting a strong impulse to turn back and see what she was doing at the front door and away from both dinner party and Bayview forever. And it was with a sense as of some impalpable mesh enclosing me that I perceived the appearance first of Dicky and Mr. Stockbridge, then of Mrs. Stockbridge and the tea wagon.

"I am my own maid today," she said smugly. "For I do not wish to take Christine away from the kitchen."

Dicky and her husband sprang to assist her, and in another moment we were drinking tea as cozily as if all the possibilities of ugly human passions were not on the leash very near the surface of our lives. I was after my second cup that Alice Holcombe rose to her feet decidedly.

"I know you men want to smoke," she said, "and as for me, I simply shall have to brew a little before this evening or I won't be able to keep my eyes open."

"But Mrs. Graham will keep poor little me company, won't you, Alice?" Stockbridge turned to me appealingly.

"I am so sorry," I said mendaciously, "but I was just going to ask the sundries man as Miss Holcombe has been afraid that one of my nervous headaches was coming on."

"Then you must be down at once," Dicky spoke with loving authority. "Mrs. Graham has always been subject to nervous headaches," he explained courteously, "but since her accident they seem to be more frequent. I am quite worried about them."

"Very well I will go upstairs with you, Mrs. Stockbridge said a bit stiffly, and we were soon in the large, pleasant room assigned to Alice Holcombe and me.

"Oh, by the way, Mrs. Graham," Alice Holcombe exclaimed when I let me see your gown as soon as I get here. Where is it, Milly?"

"I told Christine to hang it up in that closet," I answered sheepishly. I noticed that her nostrils looked pinched and her lips were drawn apart.

(Continued Tomorrow.)

**TRY MAGNESIA FOR STOMACH TROUBLE**

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.

Countless if you are a sufferer from indigestion, you have already tried pepper, licorice, soda, cathartics and various digestive aids and you know these things do not cure your trouble. In some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic, just try the effect of a little bisulphated magnesia—not the ordinary commercial carbonate, citrate, oxide or sulphate, but the pure bisulphated magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous harmful acid in the stomach which now causes your food to ferment and sour, making gas, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little bisulphated magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the bisulphated magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion. Advertisment.

# ASK THE TRIBUNE

A Department of Questions and Answers

Questions pertaining to the application of the law to specific cases, such as collection of damages, divorce contests and property rights, will not be answered in these columns.

Editor THE TRIBUNE: Has a ten-cent coin, coined in the year 1919, any premium on it? If so, could you tell me what mint it was coined at? SAMUEL JAMES, 423 Twelfth Street.

No. If such a coin is of any value, the United States mint is not aware of it. Dealers in coins are the ones who establish the value of a coin, and according to the dealers, the coin is of no value.

Editor THE TRIBUNE: My leather-bottom chairs, after twelve years of use, have lately become so sticky that I can not use them. They are as if they had been just painted. Can you suggest a remedy? SUBSCRIBER.

Try sour milk applications. The chairs become sticky only when some polishing application has been applied, and the gum-like surface is difficult to clear up, no matter what remedy is used.

Editor THE TRIBUNE: Where can I get in touch with a collector of old and rare books?—G. B. S.

Paul Elder in San Francisco is the most prominent book authority on the Pacific Coast. You can see him during business hours at his bookstore.

# Making Merry

At Meal Time, Means Good Appetite, Good Digestion, Good Cheer and Stuart's Dyspepsia Tablets.

Do You Use Them? If Not Why?

To sit back after a good meal and know there is not going to be sour indigestion, gas, drowsiness and discomfort is the logical result of using Stuart's Dyspepsia Tablets immediately after eating. Most people believe they can trace each attack of indigestion to the something they ate, and can still "taste" it. And it surprises them, invariably, to note how quickly relief comes after using one or two of these tablets. Stuart's Dyspepsia Tablets are a healthy, palatable, seasoned food, rich pastry, the hearty foods or some one particular offender, the relief comes just the same. Those who are susceptible to attacks of indigestion or dyspepsia should try Stuart's Dyspepsia Tablets as they supply the stomach with an alkaline effect just as it does naturally when it is working in a perfectly healthy condition.

A glance around the table will likely indicate one or more who plainly look as if they anticipated the dyspeptic's mournful assemblage of distresses shortly after the meal is finished. Many a bon vivant, however, has learned how to leave the table in a happy frame of mind by the use of Stuart's Dyspepsia Tablets immediately after eating. And whether it was rich soup, pastry, cheese, or dishes usually regarded as "heavy," these tablets contain ingredients that digest food, assist the stomach in its work, and supply the alkaline effect that the stomach requires. Thus before you venture up the troubles that ordinarily would follow eating some favorite dish, try this plan of avoidance.

Or if the trouble is already doing its worst, get a 50-cent box of Stuart's Dyspepsia Tablets of a druggist, and note how promptly and surely your stomach settles down to good behavior—All entirement.

## THE ECONOMY EVENT OF THE CENTURY

## BOMB NOTES ADMITTED IN WIELER CASE

Efforts of attorneys for John G. Wieler, on trial before Judge James G. Quinn on the charge of criminal syndicalism, to block the further introduction of evidence regarding the bomb notes which Wieler is charged with sending, failed today when the court decided that it was a question for the jury to determine whether they were a violation of the state criminal syndicalism law.

Judge Quinn based his decision on the case of Matt Mollen, who was tried in Minnesota for espionage. In that case a poster was admitted into evidence which did not make any direct threats of violence on the ground that the jury had the right to judge of its intent.

Trial of the case was delayed for two hours this morning while arguments were presented by defense counsel during the absence of the jury. It was contended by Attorney W. B. Cleary and T. L. Christensen that the bomb notes did not advocate any industrial change by force, but were merely personal threats against persons who were themselves using unlawful means to subvert the masses. It was argued that the sender of the notes could only be tried for sending threatening letters and that such a charge came under the jurisdiction of the federal courts.

A clash between Cleary and Deputy District Attorney A. A. Rogers was precipitated when Cleary declared the notes were only sent to those trying to suppress the proletarian under the cloak of war work. Rogers indignantly declared he was dumfounded to hear such a contention made in an American court of justice.

Carl Eisenschmidt, handwriting expert, who yesterday declared the handwriting on an exemplar written by Wieler and the writing on the envelopes in which the bomb notes were inclosed were the same, was then placed on the stand for cross-examination by the defense.

**CITY LOSERS POINT IN SUIT.**

A demurrer presented by City Attorney H. L. Hagan to the petition of Superior of Police Thomas F. O'Neil for a writ of mandate to compel City Auditor Harry G. Williams to pay his salary for the period during which he was suspended after being indicted in connection with the graft scandal, was overruled by Judge E. J. Brown today. The hearing of the petition was set for March 15.

**LECTURE AT MILLS**

R. Hayes Hamilton, travel lecturer, who is to take a number of views of Oakland and vicinity with him to eastern cities, will deliver an illustrated talk to students at Mills college on Friday afternoon. His subject will be "Our National Parks."

**RECEPTION FOR STUDENTS.**

The Federal Vocational students who are pursuing work at the University of California, will be special guests at a smoker and reception at the Community Service Club, 1441 San Pablo avenue, Friday evening of this week.

## HICKORY WAIST AND GARTERS FOR GIRLS AND BOYS

Made with a mother's watchful care

You'll delight in the thought that there is at least one large, busy manufacturer who puts so much thoughtful care and painstaking effort into a garment your youngsters need. Hickory Waists are made in all sizes from 2 to 14 and they fit as though they were tailored especially for you. The body is made of fine mercerized satin—weaves well and washes wonderfully. The sensible front breast strap holds the waist comfortably and securely. All buttons are genuine unbreakable bone and the protected pin attachment prevents the garter pin from bending or breaking.

The Hickory Waist may be had with or without garters. When garters are needed—the nationally known and nationally shown Hickory Garters are what the better stores usually show first. At any rate—get the Hickory.

You'll find them in the notions, boys' and infants' departments

## Jane O'Roark's Trunks Searched For Valuables to Satisfy Debts

MISS JANE O'ROARK, Oakland actress, whose "eight little old trunks" were searched today to pay a debt.

Actress Tells Court She Has No Money or Job; Even "My Piano" is a Myth.

Eight "little old trunks," which Jane O'Roark, Oakland actress, solemnly described as her "all-in-all," were searched this noon for anything that might legally be applied to the debt of \$281 claimed by William M. Wantland of Los Angeles. "One upright mahogany piano, in warehouse," is listed in the mortgage.

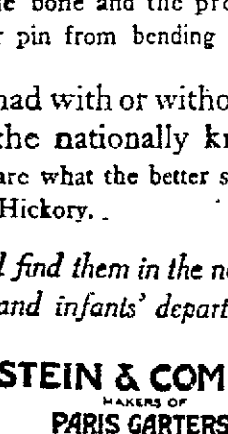

"There never was any piano; have no money, no job and no property of any kind except my eight little old theatrical trunks," said what was in them. Miss O'Roark told Judge George E. Crothers in San Francisco.

"That piano was mythical and only appears in the mortgage to square Wantland in the eyes of his wife," continued Miss O'Roark, after Attorney R. H. Lachmund threatened to ask for a warrant for her arrest for fraud. "Wantland lent me some furniture but I told him I didn't have any, only clothes. He insisted there ought to be some furniture in the mortgage to make a bank right, so he said we'd put in a piano. There never was any piano and he knew it just as well as I did."

Property listed in the mortgage besides the piano is: One sealskin coat, one sable scarf, one complete toilet case and outfit, six evening and dinner gowns, all at Hotel Alexandria in Los Angeles. Miss O'Roark breezed into court today wearing a lovely, fluffy tailored creation, a pretty military collection and a big fur. What raiment will cover her artistic shoulders after today's hearing and action on the chattel mortgage remains to be seen.

**ART FIRM INCORPORATED.**

Declaring as its purpose the manufacture and sale of art goods and works of art, the International Distributing Company was today incorporated in Alameda county. The incorporators are O. J. Ripley, Oakland; A. S. Dougren, Berkeley; G. C. Ripley, Spokane.

## TONG WAR NOT FEARED BY POLICE

Rumors of a tong war between Chinese gambling interests has excited a captain of Police Louis Warrman to issue a statement that no trouble is feared at the present time.

"The Chinamen in Oakland are uneasy," said Warrman today, "but we have the situation in hand and the controversy between the two factions, who are by no means friendly, will not be allowed to come to a breaking point."

"Chinese lotteries are no longer tolerated. Lottery tickets can be bought in Oakland, as they can be bought in San Francisco, where they are Chinese, but if you were to try to buy one you might spend the entire day trying it and come home without it. With the heading down of the wholesale lotteries, gambling in Oakland, the pending tong war is doomed. The whole controversy developed with the influx of gamblers from San Francisco, which caused rough stuff on the part of certain interests, who tried to hog all the business. When this charge was broken, the war broke between the two factions."

"While it may be true that the old faction has tried to resume gambling, again rousing the spirit of the opposite faction, it is also true that gambling in Chinatown is getting to be crushed. I haven't got it crushed to the point where I want it, but I will have soon. I can say that the situation is better today than it has been for a number of months. It is under better control than it ever was before. And as long as we keep the gambling spirit broken there will be no tong war."

Captain of Detectives Walter J. Petersen said he had noticed that the Chinamen in Oakland are nervous, but stated further that he thought the trouble would all blow over.

## JUDGE RELENTS WOMAN IS FREED

Superior Judge E. C. Robinson today relented after having permitted Mrs. Ducey Arnesen, declared in contempt of court, to remain in jail for two days and released her on her own recognizance, directing her to appear in the district court for examination.

Judge Robinson said he took this action because of her 20-month-old baby, which needed her attention.

Mrs. Arnesen, who admitted she was living with a man not her husband, was ordered more than a month ago to bring her 11-year-old daughter into court. She refused, saying she could do as she pleased with her own child, and when Judge Robinson threatened her with a jail sentence for contempt said she "guessed she could stand it." Instead of complying she disappeared and her whereabouts could not be traced for several days. Deputy Sheriff Blagorin finally found her when she returned to her home here at 716 Jackson street.

**Accountant Charged With Embezzlement**

SAN FRANCISCO, March 10.—Roy H. Taylor, accountant, has disappeared from the Electric Railway Manufacturing Supply Company, and \$4000 in valuables also are missing. It was reported to the police today. Taylor is said to have a wife and child living in Fresno. A warrant was sworn out charging him with embezzlement.

## BRIDE, THUG ASSAULTS, IS PROSTRATED

BERKELEY, March 10.—Prostrated from the shock of a brutal assault on a big wedding party, Mrs. Rebecca Lent, newly married bride of Sidney Lent, 25, is in a serious condition today at the University Apartments while police of the bay section are looking for her assailant.

According to other motive to the attack late yesterday afternoon, that the bride failed to return a man's smiles in front of her apartment on Monday evening, Mrs. Lent declared that the identity of her assailant, and the reasons for his brutal assault are a mystery to her.

That the man who attacked her while she was alone in her apartment shortly after 1 o'clock yesterday afternoon is undoubtedly the same person who stared and snatched at her on Monday evening while she and her husband were getting into their automobile preparatory to taking a ride was Mrs. Lent's emphatic statement today. At that time she declared she classified the man as a suspicious character, mentioning his actions to her husband.

**FOUND BY HUSBAND.**

Born and reared in Berkeley and then kicked and beaten into unconsciousness when she showed signs of calling for help, Mrs. Lent, who is 25 years old and formerly of Chicago, was the victim of one of the most brutal attacks ever recorded in police annals in Berkeley. When her husband returned to their apartment shortly after 5 yesterday afternoon he found his wife unconscious and bound to a chair. He immediately summoned the police and with the response of Patrolman Frank Swain, Dr. W. E. Mitchell was summoned to administer medical treatment.

According to Mrs. Lent, she went to the door of her apartment yesterday afternoon to get the evening paper. "When I opened the door a man was facing me," she said, "and he said, 'Mrs. Lent, today.' He asked me if I owned an automobile and I replied yes. He then said that he was from the tax collector's office and had come to collect the motor duty. As we had previously received a notice from the Berkeley tax officials asking us to fill out a tax blank, I naturally assumed he had come to collect the money. He carried books under his arm and gave the appearance of being a tax collector.

He left him at the door and proceeded to a second bedroom to get the money. As I opened my purse I found the man at my side. He snatched the purse from me and then pointed a gun at my head and told me that if I raised my voice he would kill me."

**BANDIT BINDS VICTIM.**

"He threw me into a chair and I suppose I fainted. When I recovered consciousness he was packing my bureau and had wrapped a silver candlestick and fruit basket, both wedding presents, in paper. When he saw me open my eyes he seized several of my husband's neckties and bound and gagged me. He then tied my hands and legs to the chair. I struggled to keep one hand free, but he hit and kicked me and I lost consciousness again. Before he left he turned the chair over and then kicked me several times. I don't remember anything else until my husband came home an hour later."

The fact that the thing left the candlestick and fruit basket on the bed, Mrs. Lent declares, is evidence that he was probably frightened away.

"If I come back and get those things later," she declared, she heard him say as he banged the door that he had come to collect the money. Some \$25 in greenbacks formed the loot obtained yesterday from the Lent apartment as far as Mrs. Lent is concerned.

**Five Streets Voted New Names by City**

An ordinance introduced by Commissioner of Streets Baccus, changing the names of five streets in Oakland in accordance with petitions presented by residents was adopted by the council today.

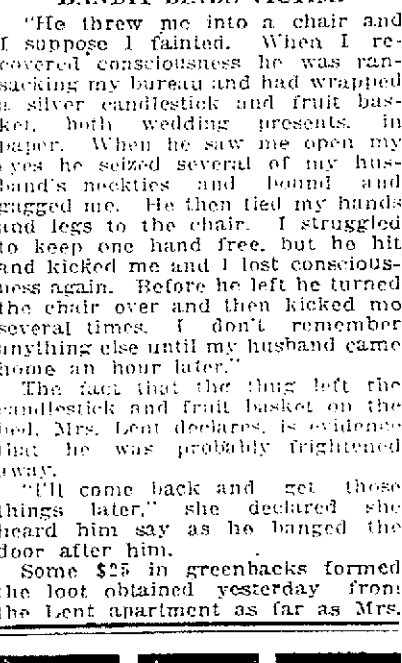

Under the ordinance, Bargain street is changed to Thirty-ninth avenue, Steiny avenue to Forty-second avenue, Peabody street to Canal street, Santa Ray avenue to Santa Jey avenue, and Minnesota avenue to Thirty-sixth avenue.

In his report to the council Baccus recommended refusal of petitions to change Humboldt street to Bartlett street and Whitney street to Brown street.

**RECEIVED STOLEN PROPERTY.**

Harry Adams, charged with receiving stolen property from James Carney, who pleaded guilty to the theft, was convicted by a jury in Judge L. S. Church's court today after a deliberation of 30 minutes.

## MRS. SIDNEY LENT Who was brutally beaten by robber.

Lent has been able to ascertain, Mrs. Lent described her assailant as a foreign appearance, medium height, dark complexion and apparently 25 years old. He spoke good English.

The Lents have been married seven months. Mrs. Lent is a daughter of Mr. and Mrs. Herman Pesner, of Twenty-ninth street, San Francisco. Her husband is salesman for a baking concern.

**Answer These Important Questions**

Have you ever had cause to doubt that you enjoy perfect vision? Do your eyes feel sore after a spell of close work—aching, smarting, or feeling as if sand or grit was lodged behind the lids?

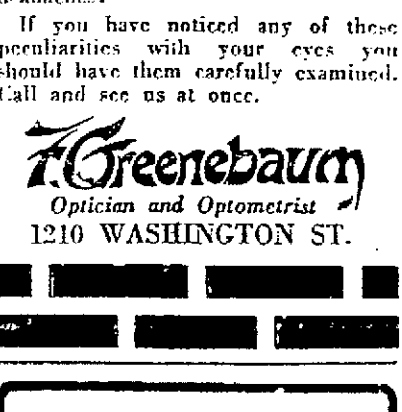

Do you ever, while reading, find that the print suddenly "goes misty" and confused? It is necessary for you to hold your book or newspaper further away from the eyes than formerly—or do you need a stronger light? Do you find that reading or sewing for an extra hour or two causes headaches?

If you have noticed any of these possibilities, which your eyes you should have them carefully examined. Call and see us at once.

## CELERY MASKS THREE GALLONS OF CONTRABAND

When Michael Pachin stepped from a vegetable store at 147 Franklin street at noon today with a large bundle of celery in his arms he had no idea that he was headed straight for the federal court in San Francisco.

He failed to reckon with Patrolman "Mike" Moore, the watchful "cop" on the beat.

Moore has been the means of detecting so many violators of the prohibition law in the past two months that he had developed an almost uncanny discernment in matters of that kind.

So he eyed the innocent looking bunch of celery with a suspicious eye. He asked questions and Pachin boomed flustered and indignant. The officer then tore the wrapping from the package and beneath the celery he found a three-gallon jug of claret.

Pachin left on the 1 o'clock boat for San Francisco with a federal officer as escort.

## Bride Gets Flowers Stolen From Grave

BAKERT, Ore., March 10.—George Thompson, local florist employee, was fined \$25 for stealing flowers from a grave and re-selling them for a bridal bouquet.

The Lents have been married seven months. Mrs. Lent is a daughter of Mr. and Mrs. Herman Pesner, of Twenty-ninth street, San Francisco. Her husband is salesman for a baking concern.

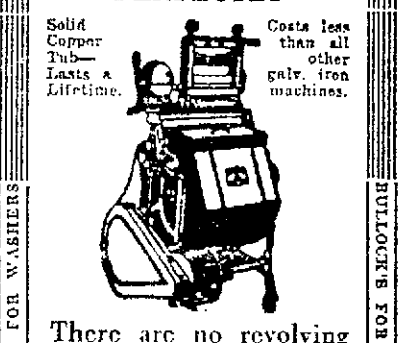

**RECEIVED STOLEN PROPERTY.**

Harry Adams, charged with receiving stolen property from James Carney, who pleaded guilty to the theft, was convicted by a jury in Judge L. S. Church's court today after a deliberation of 30 minutes.

## TWO JOBS OF STREET CHIEF QUESTIONED

Question as to the legality of Marston Campbell's connection with the street department as superintendent of streets since his signing a contract with the board of education as chief of construction of the approaching school building program was raised before the city council this morning and turned over to City Attorney H. L. Hagan for opinion.

Commissioner Frederick Soderberg asked if Campbell is drawing a salary of \$1000 a month from the city while he is paid \$200 a month by the board.

Commissioner of Streets W. J. Hagan, although that Campbell is now drawing no salary from the city under agreement, but was continuing his functions as superintendent of streets without remuneration until his successor is found.

Action was held over until a written opinion is secured from Hagan.

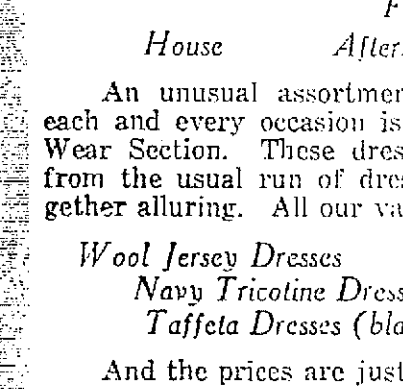

After your first cup of Schilling Tea, you will wonder how you ever could have been satisfied with common tea.

## LISTLESS PEOPLE SELDOM POPULAR

You Can't Attract Friends When You're Feeling Dull and Despondent

### POPULARITY GOES TO THE RED-BLOODED

Pepto-Mangan Brings Vigor, Health and Happiness to Anemic Persons

When you're feeling your best—when you're brimming with happiness, "pep" and enthusiasm—people just can't help being drawn to you. You're a magnet wherever you go. But when you're constantly tired and dull—when everything is too much trouble—when you're bored with yourself—it's natural that you affect your acquaintances likewise. If you're not feeling up to par, you're not likely to be very friendly. You're just run down, what you need is a good tonic. The food you eat is not becoming energizing, red blood.

Everyone gets run-down occasionally. But it's not necessary and is really dangerous to let this condition hang on. A bottle of Pepto-Mangan, the famous "red blood builder" would supply the iron and other properties your blood now lacks—would bring back the old-time energy and enthusiasm and would put color in your cheeks and spring in your step.

Pepto-Mangan is agreeable and convenient to take, and endorsed by physicians everywhere. Can be had in either liquid or tablet form. There's no difference in their effectiveness.

Ask your druggist for Pepto-Mangan and be sure it's "Gude's"—the genuine. The name "Gude's" should be on the package. Advertisement.

## GET READY FOR "ELU"

Keep Your Liver Active, Your System Purified and Free From Colds by Taking Calomel Tablets, That Are Delightful, Safe and Sure.

Druggists and Physicians are advising their friends to keep their systems purified and their organs in perfect condition. Calomel Tablets are a most effective and safe method of restoring the liver and bowels to normal. They are a most effective and safe method of restoring the liver and bowels to normal. They are a most effective and safe method of restoring the liver and bowels to normal.

### Cocoon Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle and is very harmful. Multisulfated coconut oil shampoo, which is pure and entirely greaseless, is much better than anything else you can use for shampooing, as this oil is rich in vitamins and is a natural skin conditioner. Simply moisten your hair with water and rub it in. One or two washings will make an abundance of rich, creamy lather, and leaves the hair soft and supple. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and leaves a fine, soft, silky, bright, fluffy and easy to manage.

### Sore Throat, Colds

Quickly Relieved By Hamlin's Wizard Oil

Hamlin's Wizard Oil is a simple and effective treatment for sore throat and chest colds. Used as a gargle for sore throat it brings quick relief. Rubbed on the chest it will often loosen up a hard, deep-seated cold in one night. How often sprains, bruises, cuts and burns occur in every family, as well as little troubles like carache, toothache, cold, sore throat, stiff neck, and tired aching feet. Soothing, healing Wizard Oil will always bring quick relief. Get it from druggists for 30 cents. It is not sold in the bottle and get your money back.

### RESIDENT HAS AWFUL EXPERIENCE

I was twice confined in hospitals, the last time for a long time. Water was injected into me 4 times a day, as my stomach would not retain any food. I suffered terribly, was reduced to a skeleton. My folks saw an ad. for Mergal's Wonderful Remedy and it has surely saved my life. I weigh 180 lbs. now. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allows the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists. Advertisement.

A Timely Suggestion. The next time you have a cough or cold, try Chamberlain's Cough Remedy. It is pleasant to take and you are sure to be pleased with the relief it affords. This remedy has a wide reputation for its cures of coughs and colds. For sale by Ogden Bros. Drug Stores. Advertisement.

## Restore Peace Through Economic Co-operation, Supreme Council Urges

LONDON, March 10 (By the Associated Press).—The Supreme Council has issued a memorandum on world economic conditions. Its conclusions are as follows:

FIRSTLY—It is of paramount importance that peace conditions should be fully and completely restored at the earliest possible moment throughout the world. To achieve this object it is desirable (first) that peace and normal economic relations should be re-established at the earliest possible moment possible throughout Western Europe; (second) that armistice everywhere should be limited to the minimum necessary for the maintenance of national security and that the League of Nations should be invited to consider as soon as possible the establishment of a permanent system of international security and that the League of Nations should be invited to consider as soon as possible the establishment of a permanent system of international security and that the League of Nations should be invited to consider as soon as possible the establishment of a permanent system of international security.

SECONDLY—Not only the government of each country, but all those engaged in the task of reconstruction in every land should give immediate attention to the execution of all measures which will contribute to the full restoration of peaceful industry, to the encouragement of a better output on the part of the workers in every country, to the improvement of machinery and means of transportation and the removal of such disturbing factors as profiteering.

THIRDLY—Each government should encourage its nationals in every rank of life the vital necessity of suppressing extravagance and reducing consumption to the minimum level which will bridge the gap which must for some years exist between the demand for and the supply of essential goods.

FOURTHLY—It is essential that early steps be taken to secure the deflation of credit and currency, first, by the reduction of recurrent government expenditure within the limits of the revenue; second, by the imposition of such additional taxation as is necessary to secure this result; third, by the funding of short-term obligations by means of loans subscribed out of the people's savings; fourth, by the immediate limitation and gradual curtailment of credit circulation.

FIFTHLY—Provisions for raw materials being essential to the restoration of industry, must be found in all countries which are in the present conditions of international economic trouble and must be used to restore their economic life, to obtain commercial credits. It is possible to achieve this when the countries have made the reforms indicated in the foregoing paragraphs.

SIXTHLY—The powers represented at the conference recognize the necessity for continued co-operation between the allies and neutrals in the reconstruction of Europe.

It is the hope of every government that the improved conditions of childhood and employment may be assured to workers. Taking the allied countries as a whole, the recovery of industry has been remarkable. Nearly eight months have passed since hostilities terminated. The citizens of every country are once again resuming their normal occupations of home life, and in their renewed labors the conference sees a clear sign of permanent prosperity.

The memorandum makes the following general observation: "The process of recovery of Europe must necessarily be a slow and steady one, and it is not possible to predict the date when it will be completed. It is not possible to predict the date when it will be completed. It is not possible to predict the date when it will be completed."

SEVENTHLY—The powers represented at the conference have given careful attention to the special case of the devastated regions and more particularly of Northern France. The restoration of these areas is of primary importance for the establishment of the economic equilibrium of Europe and the resumption of normal trade conditions. It is evident that the large sums required for this purpose cannot be provided out of the current revenue, nor can the work of restoration be postponed until the reparations due from Germany under the treaty have been received. The council recognized that the only way to require this restoration may be properly raised by market loans in anticipation of the reparations payments provided for by the treaty, and that the restrictions which they desire to see placed on new borrowing do not apply to loans and credits raised for this purpose. It is therefore recommended that the restoration of these areas be properly raised by market loans in anticipation of the reparations payments provided for by the treaty, and that the restrictions which they desire to see placed on new borrowing do not apply to loans and credits raised for this purpose.

EIGHTHLY—The powers represented at the conference have given careful attention to the special case of the devastated regions and more particularly of Northern France. The restoration of these areas is of primary importance for the establishment of the economic equilibrium of Europe and the resumption of normal trade conditions. It is evident that the large sums required for this purpose cannot be provided out of the current revenue, nor can the work of restoration be postponed until the reparations due from Germany under the treaty have been received. The council recognized that the only way to require this restoration may be properly raised by market loans in anticipation of the reparations payments provided for by the treaty, and that the restrictions which they desire to see placed on new borrowing do not apply to loans and credits raised for this purpose.

NINTHLY—The powers represented at the conference have given careful attention to the special case of the devastated regions and more particularly of Northern France. The restoration of these areas is of primary importance for the establishment of the economic equilibrium of Europe and the resumption of normal trade conditions. It is evident that the large sums required for this purpose cannot be provided out of the current revenue, nor can the work of restoration be postponed until the reparations due from Germany under the treaty have been received. The council recognized that the only way to require this restoration may be properly raised by market loans in anticipation of the reparations payments provided for by the treaty, and that the restrictions which they desire to see placed on new borrowing do not apply to loans and credits raised for this purpose.

TENTHLY—The powers represented at the conference have given careful attention to the special case of the devastated regions and more particularly of Northern France. The restoration of these areas is of primary importance for the establishment of the economic equilibrium of Europe and the resumption of normal trade conditions. It is evident that the large sums required for this purpose cannot be provided out of the current revenue, nor can the work of restoration be postponed until the reparations due from Germany under the treaty have been received. The council recognized that the only way to require this restoration may be properly raised by market loans in anticipation of the reparations payments provided for by the treaty, and that the restrictions which they desire to see placed on new borrowing do not apply to loans and credits raised for this purpose.

Eleventhly—The powers represented at the conference have given careful attention to the special case of the devastated regions and more particularly of Northern France. The restoration of these areas is of primary importance for the establishment of the economic equilibrium of Europe and the resumption of normal trade conditions. It is evident that the large sums required for this purpose cannot be provided out of the current revenue, nor can the work of restoration be postponed until the reparations due from Germany under the treaty have been received. The council recognized that the only way to require this restoration may be properly raised by market loans in anticipation of the reparations payments provided for by the treaty, and that the restrictions which they desire to see placed on new borrowing do not apply to loans and credits raised for this purpose.

Twelfthly—The powers represented at the conference have given careful attention to the special case of the devastated regions and more particularly of Northern France. The restoration of these areas is of primary importance for the establishment of the economic equilibrium of Europe and the resumption of normal trade conditions. It is evident that the large sums required for this purpose cannot be provided out of the current revenue, nor can the work of restoration be postponed until the reparations due from Germany under the treaty have been received. The council recognized that the only way to require this restoration may be properly raised by market loans in anticipation of the reparations payments provided for by the treaty, and that the restrictions which they desire to see placed on new borrowing do not apply to loans and credits raised for this purpose.

Thirteenthly—The powers represented at the conference have given careful attention to the special case of the devastated regions and more particularly of Northern France. The restoration of these areas is of primary importance for the establishment of the economic equilibrium of Europe and the resumption of normal trade conditions. It is evident that the large sums required for this purpose cannot be provided out of the current revenue, nor can the work of restoration be postponed until the reparations due from Germany under the treaty have been received. The council recognized that the only way to require this restoration may be properly raised by market loans in anticipation of the reparations payments provided for by the treaty, and that the restrictions which they desire to see placed on new borrowing do not apply to loans and credits raised for this purpose.

Fourteenthly—The powers represented at the conference have given careful attention to the special case of the devastated regions and more particularly of Northern France. The restoration of these areas is of primary importance for the establishment of the economic equilibrium of Europe and the resumption of normal trade conditions. It is evident that the large sums required for this purpose cannot be provided out of the current revenue, nor can the work of restoration be postponed until the reparations due from Germany under the treaty have been received. The council recognized that the only way to require this restoration may be properly raised by market loans in anticipation of the reparations payments provided for by the treaty, and that the restrictions which they desire to see placed on new borrowing do not apply to loans and credits raised for this purpose.

Fifteenthly—The powers represented at the conference have given careful attention to the special case of the devastated regions and more particularly of Northern France. The restoration of these areas is of primary importance for the establishment of the economic equilibrium of Europe and the resumption of normal trade conditions. It is evident that the large sums required for this purpose cannot be provided out of the current revenue, nor can the work of restoration be postponed until the reparations due from Germany under the treaty have been received. The council recognized that the only way to require this restoration may be properly raised by market loans in anticipation of the reparations payments provided for by the treaty, and that the restrictions which they desire to see placed on new borrowing do not apply to loans and credits raised for this purpose.

Sixteenthly—The powers represented at the conference have given careful attention to the special case of the devastated regions and more particularly of Northern France. The restoration of these areas is of primary importance for the establishment of the economic equilibrium of Europe and the resumption of normal trade conditions. It is evident that the large sums required for this purpose cannot be provided out of the current revenue, nor can the work of restoration be postponed until the reparations due from Germany under the treaty have been received. The council recognized that the only way to require this restoration may be properly raised by market loans in anticipation of the reparations payments provided for by the treaty, and that the restrictions which they desire to see placed on new borrowing do not apply to loans and credits raised for this purpose.

Seventeenthly—The powers represented at the conference have given careful attention to the special case of the devastated regions and more particularly of Northern France. The restoration of these areas is of primary importance for the establishment of the economic equilibrium of Europe and the resumption of normal trade conditions. It is evident that the large sums required for this purpose cannot be provided out of the current revenue, nor can the work of restoration be postponed until the reparations due from Germany under the treaty have been received. The council recognized that the only way to require this restoration may be properly raised by market loans in anticipation of the reparations payments provided for by the treaty, and that the restrictions which they desire to see placed on new borrowing do not apply to loans and credits raised for this purpose.

Eighteenthly—The powers represented at the conference have given careful attention to the special case of the devastated regions and more particularly of Northern France. The restoration of these areas is of primary importance for the establishment of the economic equilibrium of Europe and the resumption of normal trade conditions. It is evident that the large sums required for this purpose cannot be provided out of the current revenue, nor can the work of restoration be postponed until the reparations due from Germany under the treaty have been received. The council recognized that the only way to require this restoration may be properly raised by market loans in anticipation of the reparations payments provided for by the treaty, and that the restrictions which they desire to see placed on new borrowing do not apply to loans and credits raised for this purpose.

Nineteenthly—The powers represented at the conference have given careful attention to the special case of the devastated regions and more particularly of Northern France. The restoration of these areas is of primary importance for the establishment of the economic equilibrium of Europe and the resumption of normal trade conditions. It is evident that the large sums required for this purpose cannot be provided out of the current revenue, nor can the work of restoration be postponed until the reparations due from Germany under the treaty have been received. The council recognized that the only way to require this restoration may be properly raised by market loans in anticipation of the reparations payments provided for by the treaty, and that the restrictions which they desire to see placed on new borrowing do not apply to loans and credits raised for this purpose.

Twentiethly—The powers represented at the conference have given careful attention to the special case of the devastated regions and more particularly of Northern France. The restoration of these areas is of primary importance for the establishment of the economic equilibrium of Europe and the resumption of normal trade conditions. It is evident that the large sums required for this purpose cannot be provided out of the current revenue, nor can the work of restoration be postponed until the reparations due from Germany under the treaty have been received. The council recognized that the only way to require this restoration may be properly raised by market loans in anticipation of the reparations payments provided for by the treaty, and that the restrictions which they desire to see placed on new borrowing do not apply to loans and credits raised for this purpose.

Twenty-firstly—The powers represented at the conference have given careful attention to the special case of the devastated regions and more particularly of Northern France. The restoration of these areas is of primary importance for the establishment of the economic equilibrium of Europe and the resumption of normal trade conditions. It is evident that the large sums required for this purpose cannot be provided out of the current revenue, nor can the work of restoration be postponed until the reparations due from Germany under the treaty have been received. The council recognized that the only way to require this restoration may be properly raised by market loans in anticipation of the reparations payments provided for by the treaty, and that the restrictions which they desire to see placed on new borrowing do not apply to loans and credits raised for this purpose.

Twenty-secondly—The powers represented at the conference have given careful attention to the special case of the devastated regions and more particularly of Northern France. The restoration of these areas is of primary importance for the establishment of the economic equilibrium of Europe and the resumption of normal trade conditions. It is evident that the large sums required for this purpose cannot be provided out of the current revenue, nor can the work of restoration be postponed until the reparations due from Germany under the treaty have been received. The council recognized that the only way to require this restoration may be properly raised by market loans in anticipation of the reparations payments provided for by the treaty, and that the restrictions which they desire to see placed on new borrowing do not apply to loans and credits raised for this purpose.

Twenty-thirdly—The powers represented at the conference have given careful attention to the special case of the devastated regions and more particularly of Northern France. The restoration of these areas is of primary importance for the establishment of the economic equilibrium of Europe and the resumption of normal trade conditions. It is evident that the large sums required for this purpose cannot be provided out of the current revenue, nor can the work of restoration be postponed until the reparations due from Germany under the treaty have been received. The council recognized that the only way to require this restoration may be properly raised by market loans in anticipation of the reparations payments provided for by the treaty, and that the restrictions which they desire to see placed on new borrowing do not apply to loans and credits raised for this purpose.

Twenty-fourthly—The powers represented at the conference have given careful attention to the special case of the devastated regions and more particularly of Northern France. The restoration of these areas is of primary importance for the establishment of the economic equilibrium of Europe and the resumption of normal trade conditions. It is evident that the large sums required for this purpose cannot be provided out of the current revenue, nor can the work of restoration be postponed until the reparations due from Germany under the treaty have been received. The council recognized that the only way to require this restoration may be properly raised by market loans in anticipation of the reparations payments provided for by the treaty, and that the restrictions which they desire to see placed on new borrowing do not apply to loans and credits raised for this purpose.

Twenty-fifthly—The powers represented at the conference have given careful attention to the special case of the devastated regions and more particularly of Northern France. The restoration of these areas is of primary importance for the establishment of the economic equilibrium of Europe and the resumption of normal trade conditions. It is evident that the large sums required for this purpose cannot be provided out of the current revenue, nor can the work of restoration be postponed until the reparations due from Germany under the treaty have been received. The council recognized that the only way to require this restoration may be properly raised by market loans in anticipation of the reparations payments provided for by the treaty, and that the restrictions which they desire to see placed on new borrowing do not apply to loans and credits raised for this purpose.

Twenty-sixthly—The powers represented at the conference have given careful attention to the special case of the devastated regions and more particularly of Northern France. The restoration of these areas is of primary importance for the establishment of the economic equilibrium of Europe and the resumption of normal trade conditions. It is evident that the large sums required for this purpose cannot be provided out of the current revenue, nor can the work of restoration be postponed until the reparations due from Germany under the treaty have been received. ### Substitute Firemen Are Granted Waivers

The Civil Service Board has announced that it will grant waivers of height and weight in the approaching fire department examination. The board has decided that the examination will be held on March 11. A delegation of firemen appeared before the board last night to protest against the waiver. The board has previously granted waivers to firemen who have been injured in the line of duty. The board has also granted waivers to firemen who have been injured in the line of duty.

### Six Are Killed by Crash of Airplanes

WICHITA, Kan., March 10.—(By Associated Press).—An airplane pilot, Miss Clara Hart and J. D. Ratcliff, the last named 11 years old, were killed when an airplane in which they were riding crashed into a field near Cunningham and fell.

MIAMI, Fla., March 10.—(By Associated Press).—Charles Sims, pilot, and Mechanics Earl and Blanchard of New York were killed when their airplane crashed on the ground en route to Miami last night.

### ASPIRIN FOR COLDS

Name "Bayer" is on Genuine Aspirin—Say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package" containing proper directions for Colds, Pain, Headache, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Monacaceticanther of Salicylicacid.—Advertisement.

### Blood-Iron Phosphate For Weak, Thin Folks

Weak, thin, nervous people almost invariably owe their condition to lack of phosphate in the nerves and lack of iron in the blood. The most sure, quickest and latest way to which to make up the deficiency is to take with each meal a few grains of digestible phosphate and iron known among druggists here as Blood-Iron Phosphate because it supplies iron to the blood as well as phosphate to the nervous system. People who have tried it say that one five-grain tablet taken with each meal quickly restores depleted nervous energy, enriches the blood, increases strength, vitality and endurance, and those who are too thin gain flesh in a short time. Inasmuch as the Owl Drug Co. and all other druggists are authorized to sell Blood-Iron Phosphate under a guarantee of satisfaction or money back, every thin, weak, nervous or thin person or woman should get it a trial without delay.

Important—Blood-Iron Phosphate is sold only in a different package containing enough for three weeks' treatment, at \$1.50 per package—only 50 cents a week.—Advertisement.

## WILSON'S NOTE NETTLES FRENCH

PARIS, March 10.—President Wilson's letter to Senator Hitchcock regarding reservations to the Versailles treaty was given little space and a minor position in most of this morning's newspapers.

The various points in comment on the first page under the caption, "Wilson's Note," are given in the second page under the caption, "Wilson's Note." The points are: (1) The note is a reply to the French government's demand for a statement of any subsequent sale of such shares, and must present statements from the corporations which distributed the dividends as to the amount paid and the year. When the shares are sold, the taxpayer may be reimbursed or have the overcharge credited against any tax in payments to which they are liable.

The Paris Midi says the accusation of France's misstatement is "improbable" and it refers to Wilson's "gratuitous in-lie to this country." It adds: "Mr. Wilson accuses France of being duplicitous and in the same breath Josephine Daniels, secretary of the American Navy, is the only minister in the world who announces an unlimited program of armament."

Engineers Will Convene. CHICAGO, March 10.—Ninety per cent of the railways in the United States will be represented at the twenty-first annual convention of the American Engineering Association, to be held here March 14-15. Association officials announced today.

ARK DAMAGS FOR ACCIDENT. But for \$11,000 has been awarded against the Bowman Drug Company by Russell J. Morgan. Carelessness of a truck driver employed by the defendant company is alleged responsible for the death of Morris Roswell Morgan, plaintiff.

### U. S. Guard Strict On Refunding Tax

WASHINGTON, March 10.—Strict regulations are issued by the Bureau of Internal Revenue to safeguard the Government in refunding taxes on stock dividends, the collection of which was held unconstitutional by the Supreme court. In applying for a refund, the taxpayer must submit a statement of any subsequent sale of such shares, and must present statements from the corporations which distributed the dividends as to the amount paid and the year. When the shares are sold, the taxpayer may be reimbursed or have the overcharge credited against any tax in payments to which they are liable.

### POINCARRE'S BROTHER DIES

PARIS, March 10.—Lucien Poincarre, widely known educator, vice-president of the Academy of Paris, died suddenly early today. He was a brother of former President Poincarre. Lucien Poincarre was born in Lorraine in 1862.

### I SALUTE "DODSON'S LIVER TONE"

It Never Grips or Sickens You Like Nasty Calomel. All Diminished Headache, Constipation is Gone

You're unwell. You feel lousy, your head is dull, your tongue coated, breath bad, stomach sour and bowels constipated. But don't take a dose of nasty Calomel. It makes you sick, you may lose a day. Calomel is mercury which crashes into your liver and ruins it. Dodson's Liver Tone can't hurt it. That's when you feel that awful nausea and cramping.

### BETTER THAN CALOMEL

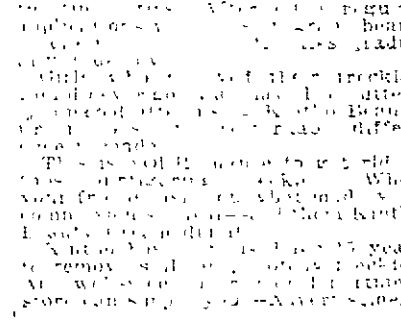

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after-effects. No pain, no griping, no injury to the gums or danger from acid foods—they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they clear clouded brain and work on the veins. 10c and 25c a box.

# An American Pledge!

IN 1776 when American patriots pledged their lives, fortunes and sacred honor for the support of the Declaration of Independence, Ireland and her people were with them.

Robert Morris, first Treasurer of these United States, recorded \$830,000 of the \$1,500,000 in the American Revolutionary war chest as subscribed by Irish men and women. Subscriptions came from every county in Ireland. Ireland's sons under George Washington's banner were legion.

No other country contributed so much toward American Independence. In that day America felt how much Ireland's sacrifices in blood and treasure had meant to the Thirteen Colonies.

And out of the common bond of sympathy and love of liberty between America and Ireland this Solemn Pledge was sent to the Irish people October 4, 1788, by Benjamin Franklin, in the name of the American Congress:

"The misery and distress which your unfortunate country has been subjected to has engaged the most serious attention of Congress and I am charged to assure you that means will be found to establish your freedom in the fullest and amplest manner."

Benjamin Franklin never dreamed that a century would pass before came the Day of Opportunity for America's redemption of that Pledge.

THAT DAY IS NOW AT

 Peas - \$2.50 c a sack

TENANTS IN  
OAKLAND TO  
FIGHT RAISE

The Tenants' Protective association of Oakland was introduced into controversy involving high rents levied on this side of the bay yesterday when it was charged by a tenant residing at 814 California street in a letter to Mrs. L. N. 154-26, vice president of the San Francisco Tenants' Protective association, that J. Pennington and A. J. its several weeks ago broke up a meeting of tenants protesting high rents in this city. Pennington and its are declared to be officers of the San Francisco Apartment House Owners and Managers' association. The writer of the letter affirms that landlady at his present San Francisco address has informed tenants that any complaints are not interfering in that house will be met with an increase of \$100 per month.

In the event that the supreme court denies the writ of mandamus against the decision of the state railroad commission, declaring apartment houses and hotels do not come under the public utilities act, the tenants' protective association will lead to the authorities of the various cities of the state and will instruct tenants to refuse to pay their rent. The association headquarters are out of the city, and the writer of the letter affirms that the association is preparing the writ of mandamus.

Three petitions asking the state railroad commission to fix rents of apartment houses were denied by the body yesterday. Attorney C. D. diey is preparing the papers in writ of mandamus.

San Francisco real estate board called a directors' meeting to arrange a course of action against the tenants' protective association.

Thomas J. Chrystal, secretary of San Francisco Apartment House Owners and Managers' association, declared yesterday that his organization was definitely on record against the tenants' protective association.

A trace of the letter "n" has even been found in the Egyptian.

Bill's Still  
Ad Schuster

Moonshine Bill lived up on a hill  
Where the race of men don't mooch.  
And there at night when the moon was right  
He man-o-factured hooch.  
He did.  
He man-o-factured hooch.

Reverend Bill got on to Will  
And trailed him to his lair:  
'Twas a lead pipe cinch poor Bill to pinch,  
And a ten-gallon keg was there.  
It was.  
A ten-gallon keg was there!

A judge and ten selected men  
They sampled the booze with care.  
And they at the gink who made the drink  
Within the witness chair.  
They did.  
Within the witness chair.

And the judge said, "Stand and raise your hand."  
And the jury understood:  
"I now pronounce, to the last damp owner,  
I pronounce your liquor good.  
I do.  
I pronounce your liquor good."

"Now listen, Bill, go back to the hill,  
To the still and the cabin door.  
And remember well where your judges dwell.  
Go back and make some more!  
Dye hear,  
Go back and make some more!"

DR. REED WILL  
LECTURE HERE  
PLAN RECEPTION  
FOR G. A. R. CHIEF

Dr. Charles A. L. Reed, of Cincinnati, Ohio, will address the public at the monthly meeting of the board of governors of the Public Health Center at 8 o'clock on Thursday evening, at the Health Center, 1713 Grove street.

Dr. Reed's discussion of "The Medical Profession and the New Era" will be of vital interest to both the professional man and the layman. The board of governors of the Public Health Center is expecting a large attendance of both at the open meeting tomorrow night.

As a fellow in the American College of Surgeons, Professor Emeritus in the Medical Faculty of the University of Cincinnati Consulting Gynecologist in the Cincinnati General Hospital, former president of the American Medical Association, and as a major in the World War, traveling throughout the United States to enlist medical men in the war service, Dr. Reed has had abundant opportunity to know the status of the medical profession at the present time. As a prominent promoter of progressive public health movements and of rural social health experiment work, Dr. Reed is well qualified to prophesy what the tendencies of medical and social health work will be in the "New Era."

Dr. Reed is a great man and Alameda county is privileged in the opportunity of hearing him at the Health Center on Thursday night.

PROBE INTO  
BEATING OF  
FRANCO ON

Manuel Franco, proprietor of a restaurant at 1500 Fifth street, Oakland, is in St. Luke's Hospital in San Francisco in a serious condition. He was given him by a Portuguese society called on Chief Lynch this morning to protest against the treatment Franco is said to have received from the officer at the time of his arrest, and stated that they were prepared to bring witnesses to testify that Franco, who is an aged man, was maltreated.

Chief Lynch today ordered a complete investigation of the entire matter.

Representatives of a Portuguese society called on Chief Lynch this morning to protest against the treatment Franco is said to have received from the officer at the time of his arrest, and stated that they were prepared to bring witnesses to testify that Franco, who is an aged man, was maltreated.

Patrolman Ponce, this morning emphatically denied the charges that he had beaten Franco. He said he arrested Franco when he found him in the act of having a conversation with a woman.

"There was no trouble at all," he said. "When I asked Franco about the liquor he was in a rage and said I couldn't touch him until I had the evidence against him. Well, I made it my business to get the evidence."

"When we reached the city hall," Franco complained about his side hurting him. I sent him up to the hospital, and the nurse there made an examination and said there was nothing wrong with the man."

DENIES USING FORCE.

"When the man was being put into his cell, he should have been taken to the hospital. That is the only time I used the slightest force with him. I shoved him into the cell, but nothing occurred that would account for the fact that he had three broken ribs."

Franco, according to his story to United States Commissioner Krull, was beaten after he refused to leave his place of business unlocked while he was taken to jail and because he was slow in telling the officer his name. He said Franco grabbed him by the throat and beat him. He was taken to jail, he said, where he remained Monday evening and during the night, where he suffered great pain. He said he called for medical aid but that it was denied him.

United States Marshal James P. Holden, who was present when Franco was arraigned, ordered the man removed immediately to the Central Emergency Hospital, where he was taken with three fractured ribs.

Captain of Police A. R. Wallman stated this morning that investigation of the charges made against Franco had been ordered, and that the result so far tended to substantiate Franco in every way. It was indicated this morning, however, that

DAGNY CLEMENS  
LETTER IS SENT  
TO THE TRIBUNE

A letter for Miss Dagny Clemens, and which is said to contain important information concerning relatives in Norway, has been forwarded to The TRIBUNE for delivery to the young woman. It is in response to inquiries made by Miss Clemens to the Norwegian consulate at Honolulu, an inquiry in which she failed to give her postoffice address. Miss Clemens may have the letter by calling at the Tribune's office of the TRIBUNE.

CITY IS URGED  
TO BUY MOTORS

Another step towards the motorization of the street department, requested of the City Council by Commissioner of Streets Baccus several weeks ago, was taken in the council this morning when Municipal Engineer Expert Norval W. Cook filed a report showing that the proposed plan would result in a saving of practically \$22 a day to the city.

Following the suggestion by Commissioner Baccus that the motorization scheme be put into operation to replace the old horse teams now used, Cook was asked to survey the department, and his report this morning contained the results of the survey. The report was furnished to all the council members and action laid over for a week at Commissioner Baccus' request so that an analysis of the document can be made.

According to Cook's figures, provision for the first items of the plan, including the purchase of three trucks, will cost the city practically \$18,000, but will result in a saving of \$22 a day. If the motorization plan is not put into effect, Cook states, the city must be prepared to pay out money anyway for the purchase of enough horses to replace those condemned.

Further in his report Cook recommends that the city should as soon as possible get rid of all outside sprinklers, teams and drivers and dump carts and consolidate the positions of horsehoes and blacksmith's helper.

United States Attorney Annette Adams may order an investigation.

SOCIETY PROTESTS.

Chief Lynch stated this morning that other charges of a similar nature had been made against Pierce by two service men, who claim that Pierce attacked them with his club while they were confined in a cell. A full stenographic report of their complaint was made at the time, and this will be used in the hearing to be held to determine what action

The two complaints will be combined at the hearing, according to Chief Lynch, and the matter will be fully aired.

An eagle's nest, though of rough exterior appearance, is lined with down, fur and the softest mosses.

WANT LAWS  
TO RESTRAIN  
ORIENTALS

A special session of the legislature to enact laws to protect American merchants from the aggression of Orientals is recommended in a report made by William M. Pitts, Alameda county's delegate to the convention of the newly organized State Association of Market and Meat Men.

Pitts, in an address to the Retail Butchers' Exchange of Alameda county last night, declared that the Chinese and Japanese merchants had chosen Oakland as the particular field in which to center their activities and that they were leaving no plans untried in their efforts to force goods upon the local retailers.

"Not only in the city are Oriental stores increasing in number," he said, "but I learn that there has been renewed activity in the matter of leasing land all over the county. I believe that there should be a special session of the legislature called at once to cope with the situation and our state association strongly endorses a special session."

Further protest against the proposed closing of East Eleventh street between Twenty-eighth and Twenty-ninth avenues, requested by the U. C. Prince Company, was filed before the council today by property owners along the street for the opening of that thoroughfare from Seventeenth street to San Pablo avenue, and was referred to Commissioner of Streets William J. Baccus.

Secure Figures on Industrial Recreation

A survey of industrial recreation in 22 large American cities has been compiled by the Oakland recreation department. In Oakland the recreation department with the co-operation of the Y. M. C. A. looks out after diversions for men and women. In five of the 22 cities selected, the Y. M. C. A. has exclusive handling of the work; in five, the War Camp Community Service; in ten, corporations in two, the Y. W. C. A. In the other ten playground and recreation commissions are responsible. Jersey City has organized a special industrial recreation commission.

ENTERTAINMENT  
AUTHORIED FOR  
MRS. LANPHIER

All the proceeds of Friday evening's entertainment at the Cafe Rex, Eighth and Broadway, will be given to Mrs. Casper Lanphier, who was widowed with a family of six children to support. Authorization to give a benefit night at the cafe was secured today by Bert McLeod, proprietor, from the committee of the Knights of Pythias lodge, to which Mrs. Lanphier's husband belonged, and which has already collected \$500 for the family.

EAST OAKLAND  
OPENING URGED

The opening of some avenue in East Oakland from East Fourteenth street to the bulkhead line in Broadway basin was proposed by the Merchants' Exchange in a petition filed with the City Council today. The exchange offered to assist in the proposed opening, as an aid to shipping on the basin.

The project was explained to the council members by Secretary William Walker of the exchange, who declared that the opening is a necessity and has been advocated for ten years. The exchange proposes the cutting through of either Eleventh or Twelfth avenue. The issue has been turned over by the council to Commissioner of Public Works Frederick Soderberg.

Further protest against the proposed closing of East Eleventh street between Twenty-eighth and Twenty-ninth avenues, requested by the U. C. Prince Company, was filed before the council today by property owners along the street for the opening of that thoroughfare from Seventeenth street to San Pablo avenue, and was referred to Commissioner of Streets William J. Baccus.

HIGH SCHOOL  
PAY SCHEME  
GIVEN FAVOR

Indications that San Leandro and Emeryville will accept, as an alternative to annexation in the Oakland school district, a plan whereby they may pay their pro rata to the Oakland district for students attending the high schools here, are seen in the statements of educators in both places.

Some such compromise has been endorsed by the mothers' club of San Leandro and will prove the cheapest and best plan, according to A. Harwell, principal of the San Leandro schools. "For us to build our own high school would be out of the question now, although we may do it eventually," he said. "We must accept this plan or else join with the Oakland or Hayward district."

No action has been taken by Emeryville, but R. C. Hawley, president of the school board, has said that he, personally
